DECREASE IN TOURISTS HERE IN FIVE MONTHS

Tourist visitation to Gettysburg during May showed an increase over the same month a year ago, but the number of visitors here since January 1 is below the comparable number for the first five months of 1961, the National Park Service reported today.

According to the tabulation kept by Park Ranger John Rogers, 237,191 visited the field during May. That number includes 1,613 who camped at various sites on the battlefield. Most were Boy Scouts, and a few Girl Scout troops.

The 237,191 for May compares to 225,713 during the same month in 1961.

486,633 VISITORS

So far this year 486,633 persons have visited the field, compared to 514,612 for the same five months a year ago.

The decrease occurred in March and April. After January and February had set new visitation records for the two winter months when visitation is normally the lowest of the year, the number of tourists declined greatly in March and April compared to those two months a year ago.

The visitation record for this year by month is as follows: January, 14,066; February, 30,350; March, 46,037; April, 158,989; May, 237,191.

The comparable figures for the same months a year ago were: January, 12,160; February, 17,765; March, 81,824; April, 176,122 and May 225,713.

DONATIONS TO FIREMEN ARE ON DECREASE

Gettysburg firemen have completed their annual door-to-door solicitation and are "several hundred dollars short of the amount obtained last year," Robert S. Neary, chairman of the 99th Battle Anniversary Committee of the firemen, which directed the solicitation, said today.

Neary said the decrease is attributed to a decrease in the amounts given by many regular donors.

A number of residents were not at home when the firemen called and Neary said he hopes donations mailed in will help "bring the amount" up to at least last year's total.

Neary also announced plans for the annual battle anniversary and festival to be held at the Recreation Field.

The vehicle was the fourth in the last two months to crash into the oval of the New Oxford square. Some of the others went halfway through the plot before stopping.

State police from the Gettysburg station said the Spring Grove motorist was driving west on the Lincoln Highway in the fog, and attempted to stop when he approached the square. His vehicle skidded on the roadway, according to the officers, and ran into the pole. Damage to the front of the station wagon was estimated at \$300. WARMEST MAY IN 18 YEARS SHORT ON RAIN

The warmest May in 18 years went into the weather records Thursday but the month got little more than half its normal supply of rain and left 1962 more than a half inch short of its normal precipitation for the first five months.

With four days of 90-degree weather, the month's average temperature was 65.4 degrees and that is exactly two degrees above normal. Not since May, 1944, have May temperatures been that high in Gettysburg.

A 1962 record of 94 degrees was reached on two days and the low of 36 degrees made May the first month this year without freezing temperatures although there was frost on the morning of May 10. The daily high temperatures averaged 76.16 degrees and the daily lows averaged 54.64 degrees.

YEAR SHORT ON RAIN

Measurable amounts of rain fell on 11 days but the total was only 2.23 inches. That is about a tenth of an inch more than in May of last year but it is 1.96 inches short of normal for the month.

May brought in 1962 rainfall total to 15.79 inches which is 0.63 inches below normal with May's shortage offsetting surpluses that had been built up earlier in the year.

The warm, dry May followed an April that also was short on rainfall and the first month this year with above normal temperatures.

One of the weather highlights of the month was the electrical storm that swept most sections of the county late the night of May 24, knocking out hundreds of telephones and cutting off electrical power to parts of the Gettysburg community for nearly two hours. There were hailstorms, too, in York Springs and several other sections of the county with some damage to fruit crops.

DONATIONS TO FIREMEN ARE ON DECREASE

Gettysburg firemen have completed their annual door-to-door solicitation and are "several hundred dollars short of the amount obtained last year," Robert S. Neary, chairman of the 99th Battle Anniversary Committee of the firemen, which directed the solicitation, said today.

Neary said the decrease is attributed to a decrease in the amounts given by many regular donors.

A number of residents were not at home when the firemen called and Neary said he hopes donations mailed in will help "bring the amount up to at least last year's total."

Neary also announced plans for the annual battle anniversary and festival to be held at the Recreation Field.

CRASH IN NEW OXFORD SQUARE

A station wagon operated by Hugh Schuleis, 49, Spring Grove, ran into a light pole at the edge of the New Oxford square this morning at 12:45 o'clock.

The vehicle was the fourth in the last two months to crash into the oval of the New Oxford square. Some of the others went halfway through the plot before stopping.

State police from the Gettysburg substation said the Spring Grove motorist was driving west on the Lincoln Highway in the fog, and attempted to stop when he approached the square. His vehicle skidded on the roadway, according to the officers, and ran into the pole. Damage to the front of the station wagon was estimated at \$300. Police said the pole "had a slight dent but apparently was not otherwise damaged."

Schuleis suffered a bruised chest and was treated by a New Oxford physician at the scene and then treated further at the Hanover Hospital.

WARMEST MAY IN 18 YEARS SHORT ON RAIN

The warmest May in 18 years went into the weather records Thursday but the month got little more than half its normal supply of rain and left 1962 more than a half inch short of its normal precipitation for the first five months.

With four days of 90-degree weather, the month's average temperature was 63.4 degrees and that is exactly two degrees above normal. Not since May, 1944, have May temperatures been that high in Gettysburg.

A 1962 record of 94 degrees was reached on two days and the low of 36 degrees made May the first month this year without freezing temperatures although there was frost on the morning of May 10. The daily high temperatures averaged 76.16 degrees and the daily lows averaged 54.64 degrees.

YEAR SHORT ON RAIN

Measurable amounts of rain fell on 11 days but the total was only 2.23 inches. That is about a tenth of an inch more than in May of last year but it is 1.96 inches short of normal for the month.

May brought in 1962 rainfall total to 15.79 inches which is 0.63 inches below normal with May's shortage offsetting surpluses that had been built up earlier in the year.

The warm, dry May followed an April that also was short on rainfall and the first month this year with above normal temperatures.

One of the weather highlights of the month was the electrical storm that swept most sections of the county late the night of May 24, knocking out hundreds of telephones and cutting off electrical power to parts of the Gettysburg community for nearly two hours. There were hailstorms, too, in York Springs and several other sections of the county with some damage to fruit crops.

Find No Entries, Receipts For \$40,000 Estes' Checks

WASHINGTON (AP)—Federal investigators in search of names, cash or records have located a safety deposit box of Billie Sol Estes and are trying to learn if there are more.

One box was uncovered in a Texas bank, authorities disclosed Thursday, but they said neither Estes nor his lawyers showed any inclination to let investigators check the contents.

Only a court order could force surrender of the key or give investigators authority to open the box.

Officials are exploring in other directions. They hope to learn if he has other safety deposit boxes and are seeking evidence for a court order to permit an examination of any and all such repositories.

POLICE CHIEF GIVES WARNING
Biglerville Police Chief Dale Guise today appealed to the parents of Biglerville High School boys to warn their sons against "climbing to the roof of the new high school." Guise said youngsters have been hanging signs and other objects over the edge of a portico at the school "nightly ever since graduation night."

The signs indicate a competition between juniors and seniors, Guise said. He added that "some of the ladders that the boys used to climb to the roof of the portico have come from Bendersville and some from Biglerville." Guise said the signs have not been objectionable, but the type roof on the portico does not permit walking on it, and authorities are fearful that if the youths continue to climb onto the roof leakage will result.

POLICE CHIEF GIVES WARNING

Biglerville Police Chief Dale Guise today appealed to the parents of Biglerville High School boys to warn their sons against "climbing to the roof of the new high school." Guise said youngsters have been hanging signs and other objects over the edge of a portico at the school "nightly ever since graduation night."

The signs indicate a competition between juniors and seniors, Guise said. He added that "some of the ladders that the boys used to climb to the roof of the portico have come from Bendersville and some from Biglerville." Guise said the signs have not been objectionable, but the type roof on the portico does not permit walking on it, and authorities are fearful that if the youths continue to climb onto the roof leakage will result.

REP. SCRANTON BACKS BLOOM FOR 4TH TERM

HARRISBURG (AP)—Republican State Chairman George I. Bloom set his sights on re-election today, assured of the support of U.S. Rep. William W. Scranton, the GOP candidate for governor.

Bloom announced his decision Thursday to seek a fourth straight term as head of the GOP State Committee.

Almost immediately, he received the endorsement of Scranton and U.S. Rep. James E. Van Zandt, Republican candidate for the U.S. Senate.

URGED TO RUN

Bloom, a 63-year-old attorney from Washington, Pa., and a long-time member of the Republican State Committee, said he was urged to seek re-election by Republican leaders in every section of the state.

"While personal sacrifice is involved, I feel it will be entirely justified by the victory we are going to win in the November election," he declared.

A state chairman may be selected June 16 when the GOP State Committee holds its biennial reorganization meeting in Philadelphia. As of now, Bloom is unopposed.

STOPS RUMORS

The support of Scranton and Van Zandt, quieted rumors that Bloom might be on his way out.

"The statewide candidates feel that Mr. Bloom will provide effective leadership for the party in the campaign ahead," the two congressmen said in a joint statement from Washington.

"We are particularly happy with the plans already being made to mold an effective organization for the campaign."

Bloom was first elected chairman in 1956. Before that he served as administrative assistant to former Republican Senator Edward Martin. He also was Martin's secretary during the latter's term as governor of Pennsylvania from 1943 to 1947.

"A PLEASANT SOJOURN"

One of the greatest pleasures... for families to share... is a pleasant sojourn... once in the country air... to a wooded place... where we can feel the wonder... of nature's embrace... there is a sacred quiet... about a country lane... wherein dreams can blossom... to a brook's refrain... life takes on new meaning... 'neath beautiful trees... worries are forgotten... hearts are put at ease... family ties grow stronger... out in God's abode... new faith and hope are gathered... to shoulder life's great load... so, when time allows us... together we proceed... to take a pleasant sojourn... away from the life we lead.

GENERAL RAPS NEW FARM PLAN

Former President Dwight D. Eisenhower said Thursday it would be "deplorable public policy" for the federal government to adopt a farm program limiting what a farmer could grow on his own farm for his own use.

Eisenhower's office issued a statement when he was asked to comment about an article written by Rep. Catherine May, R-Wash. She quoted him as saying he would be inclined to go to jail rather than submit to farm programs such as proposed by President Kennedy.

Eisenhower's statement said: "In my opinion even if it would not be an invasion of constitutional rights to prevent a man by law from growing for his own exclusive use on his own land whatever and how much he wishes, it would at least be deplorable public policy."

Mrs. May described Eisenhower as angry at some of the original farm proposals of the Kennedy administration. She made her statements in a letter to constituents after a recent visit with Eisenhower here.

FBI STEPS UP DEATH PROBE IN ESTES CASE

DALLAS, Tex. (AP)—President Kennedy's interest in the case is spurring an FBI investigation of the mysterious death of an Agriculture Department official who died in the office of Billie Sol Estes, the Dallas News reported today.

A Texas grand jury also is looking into the shooting of Henry H. Marshall, 32, found dead on his farm near Franklin, Tex., a year ago. The body was exhumed and a pathologist said Marshall probably was murdered. At the time of his death, a justice of the peace decided it was suicide.

In a copyright story, the Dallas News said the President's personal interest prompted his brother, Atty. Gen. Robert F. Kennedy, to order the FBI to step up its investigation.

SHOT FIVE TIMES

Marshall was shot five times. A bolt action .22 caliber rifle was found near the body.

At the time of his death, he was investigating transfers of cotton allotments by Estes, the Peecos, Tex., financier who has been indicted on fraud and theft charges. Estes' business interests involving millions—liquid fertilizer sales, elevators collecting huge sums from the government for storing surplus grain, and extensive farms—have been placed in the hands of a receiver.

In addition, House and Senate committees are investigating charges that Estes distributed cash and expensive gifts to win preferential treatment by government officials.

"If it could be proved conclusively that Marshall was a suicide; or that, if he was murdered, it had nothing to do with the Estes case, the political pressure against the Democrats would be reduced," said he News.

A hardware store clerk at Franklin, Lois Smith, told the Houston Chronicle Thursday she sold Marshall a box of .22 cartridges the day he was shot.

"He just came in and told me what he wanted," Mrs. Smith said. "I remember his handling me a dollar."

Sybil Marshall, the widow, said she believed Mrs. Smith was mistaken.

"I'm pretty sure he didn't because he had shells in his bedroom which I found later," Mrs. Marshall said. "and I know he always kept shells in his pickup."

Eichmann

vated by "an ardent desire to blot out an entire people from the face of the earth."

The Israeli Supreme Court rejected Eichmann's appeal against the death sentence Tuesday, declaring even death was an inadequate penalty.

And with unexpected speed, President Izhak Ben-Zvi sealed Eichmann's doom about noon Thursday, rejecting appeals for executive clemency from Eichmann, members of his family and others.

Eichmann was transferred quickly from his cell in Jerusalem, where he had been lodged for the Supreme Court decision, to Ramleth Prison. There, his spiritual adviser, the Rev. William Hull, visited him in his cell.

REFUSES FAITH

The Canada-born Protestant clergyman reported later that Eichmann was not sad but defiant. Eichmann, who earlier had expressed a belief in God but belonged to no church, refused to reaffirm a faith in Christ.

"I do not have time to read the Bible," Eichmann told the minister. "I have peace in my heart. I am ready to die."

Eichmann was told of the rejection of the clemency appeals—but not that he was to die that night—about 8 p.m. He asked for and received a bottle of red wine. He drank half of it.

Outside a thick fog set in. Guards turned on flood lights and police set up roadblocks to divert traffic from the prison, a former British fort, on the Tel Aviv-Jerusalem road.

BLOWS HIS NOSE

Eichmann learned death was at hand only when guards came to his cell to take him the 50 yards to the gallows. He walked steadily to the execution room handcuffed to two guards. He made only one request—to stop and blow his nose.

Dressed in brown slacks and a brown shirt open at the neck, he mounted the scaffold by a single step and stood directly under the noose which was suspended over his head on a chain. His hands and ankles were bound with white cloth.

As the noose was fitted over his head, Eichmann half closed his eyes and looked downward at the

floor. As the black hood was lowered, Eichmann said: "I don't need that."

BELIEVING IN GOD

Eichmann spoke his last words to a small group of officials, guards and newsmen gathered to witness the execution.

"My belief was correct," he said. "After a short while, gentlemen, we shall all meet again. So is the fate of all men. I have lived believing in God and I die believing in God."

"Long live Germany. Long live Argentina. Long live Austria. These are the countries' with which I have been most closely associated and I shall not forget them. I greet my wife, my family and my friends. I had to obey the rules of war and my flag, I am ready."

WANTED CREMATION

Eichmann, the father of four sons, was born in Austria, served Germany and hid out after World War II in Argentina.

Eichmann's wife, Vera, was the only member of his family to see him in prison.

The government announced: "Adolf Eichmann's will includes a request that his remains be cremated."

Eichmann went to his death 2 years and 21 days after Israeli commandos captured him in Argentina by air, ending a world-wide search by Jewish agents that began on the smoldering ashes of the Nazi empire.

The swiftness of the execution after the rejection of the appeals surprised Israelis and many others around the world. Some leading Jews had urged that Eichmann be spared as a living reminder of Nazi horrors. Many others, however, urged death. Not one Israeli newspaper pleaded for Eichmann's life.

PITTSBURGH (AP)—A crazed mental patient fatally shot a doctor at a Veterans Administration Hospital today and wounded a policeman during a gunfight.

Police stormed their way into an office where the patient had barricaded himself and found him wounded but alive.

The Good Samaritan Sunday School Class of Trinity Lutheran Church, Arendtsville, will meet Tuesday evening at 7:30 o'clock in the church parlor. A plant exchange will be held.

GEORGE BLOOM IS ANSWERED BY DEMOCRATS

HARRISBURG (AP)—Republican State Chairman George I. Bloom resorted to "twisted facts" and "tortured reasoning" in his recent statements on Pennsylvania's business tax climate, two leading Democrats say.

State Budget Secretary David R. Baldwin and Democratic State Chairman Otis B. Morse joined Thursday in denouncing Bloom's claim that the Democrats are responsible for heavy business taxes in the Commonwealth.

"Mr. Bloom's ridiculous statements represent a tortured reasoning which is completely contrary to the facts," Baldwin declared in one statement.

ACCUSED BY MORSE

Morse accused Bloom of "twisting logic in an attempt to undermine the true facts."

The Democratic chairman concentrated mostly on Bloom's remark Wednesday claiming Republican opposition to Democratic tax programs rather than the Democrats themselves was responsible for the decrease in the percentage of general fund revenues contributed by business.

"Mr. Bloom finally has been forced to recognize eight years of positive Democratic accomplishment and he had to cite the Republican Party's record of opposition and obstructionism within that same period of time in order to do it," Morse said.

"THE TELLING POINT"

Morse agreed that collectively there are more businesses and industries contributing to the general fund revenues today than during the years of Republican administration.

"But," he added, "the telling point is the fact there has been a decrease in the tax bill each industry pays and this reduction is the direct result of the concern of the Leader and Lawrence administration in creating a more favorable business climate which has encouraged industry and its leaders to look with favor on Pennsylvania."

Amvets Backing Week For "Safety"

The Amvets Traffic Safety Council of Pennsylvania has asked all Amvet posts in the state to cooperate in the observance of the week of June 4-10 as Amvets' Traffic Safety Week in Pennsylvania. Letters have gone out to all Amvet commanders calling attention to a proclamation issued by Governor Lawrence in connection with the observance. The special week for highway safety is aimed at helping to make Pennsylvania the "Safe Driver State," according to Roy K. Baker, adjutant of Post 172 of the Amvets at Fairfield.

Former President Dwight D. Eisenhower said Thursday it would be "deplorable public policy" for the federal government to adopt a farm program limiting what a farmer could grow on his own farm for his own use.

Eisenhower's office issued a statement when he was asked to comment about an article written by Rep. Catherine May, R-Wash. She quoted him as saying he would be inclined to go to jail rather than submit to farm programs such as proposed by President Kennedy.

Eisenhower's statement said: "In my opinion even if it would not be an invasion of constitutional rights to prevent a man by law from growing for his own exclusive use on his own land whatever and how much he wishes, it would at least be deplorable public policy."

Mrs. May described Eisenhower as angry at some of the original farm proposals of the Kennedy administration. She made her statements in a letter to constituents after a recent visit with Eisenhower here.

FBI STEPS UP DEATH PROBE IN ESTES CASE

DALLAS, Tex. (AP)—President Kennedy's interest in the case is spurring an FBI investigation of the mysterious death of an Agriculture Department official who pried into the affairs of Billie Sol Estes, the Dallas News reported today.

A Texas grand jury also is looking into the shooting of Henry H. Marshall, 32, found dead on his farm near Franklin Tex., a year ago. The body was exhumed and a pathologist said Marshall probably was murdered. At the time of his death, a justice of the peace decided it was suicide.

In a copyright story, the Dallas News said the President's personal interest prompted his brother, Atty. Gen. Robert F. Kennedy, to order the FBI to step up its investigation.

SHOT FIVE TIMES

Marshall was shot five times. A bolt action .22 caliber rifle was found near the body.

At the time of his death, he was investigating transfers of cotton allotments by Estes, the Pecos, Tex., financier who has been indicted on fraud and theft charges. Estes' business interests involving millions—liquid fertilizer sales, elevators collecting huge sums from the government for storing surplus grain, and extensive farms—have been placed in the hands of a receiver.

In addition, House and Senate committees are investigating charges that Estes distributed cash and expensive gifts to win preferential treatment by government officials.

"If it could be proved conclusively that Marshall was a suicide; or that, if he was murdered, it had nothing to do with the Estes case, the political pressure against the Democrats would be reduced," said he News.

A hardware store clerk at Franklin, Lois Smith, told the Houston Chronicle Thursday she sold Marshall a box of .22 cartridges the day he was shot. "He just came in and told me what he wanted," Mrs. Smith said. "I remember his handing me a dollar."

Sybil Marshall, the widow, said she believed Mrs. Smith was mistaken.

"I'm pretty sure he didn't because he had shells in his bedroom which I found later," Mrs. Marshall said, "and I know he always kept shells in his pickup."

Eichmann

(Continued From Page 1)

vated by "an ardent desire to blot out an entire people from the face of the earth."

The Israeli Supreme Court rejected Eichmann's appeal against the death sentence Tuesday, declaring even death was an inadequate penalty.

And with unexpected speed, President Izhak Ben-Zvi sealed Eichmann's doom about noon Thursday, rejecting appeals for executive clemency from Eichmann, members of his family and others.

Eichmann was transferred quickly from his cell in Jerusalem, where he had been lodged for the Supreme Court decision, to Ramleh Prison. There, his spiritual adviser, the Rev. William Hull, visited him in his cell.

REFUSES FAITH

The Canada-born Protestant clergyman reported later that Eichmann was not sad but was defiant. Eichmann, who earlier had expressed a belief in God but belonged to no church, refused to reaffirm a faith in Christ.

"I do not have time to read the Bible," Eichmann told the minister. "I have peace in my heart. I am ready to die."

Eichmann was told of the rejection of the clemency appeals—but not that he was to die that night—about 8 p.m. He asked for and received a bottle of red wine. He drank half of it.

Outside a thick fog set in. Guards turned on flood lights and police set up roadblocks to divert traffic from the prison, a former British fort, on the Tel Aviv-Jerusalem road.

BLOWS HIS NOSE

Eichmann learned death was at hand only when guards came to his cell to take him the 50 yards to the gallows. He walked steadily to the execution room handcuffed to two guards. He made only one request—to stop and blow his nose.

Dressed in brown slacks and a brown shirt open at the neck, he mounted the scaffold by a single step and stood directly under the noose which was suspended over his head on a chain. His hands and ankles were bound with white cloth.

As the noose was fitted over his head, Eichmann half closed his eyes and looked downward at the

BELIEVING IN GOD

Eichmann spoke his last words to a small group of officials, guards and newsmen gathered to witness the execution.

"My belief was correct," he said. "After a short while, gentlemen, we shall all meet again. So is the fate of all men. I have lived believing in God and I die believing in God."

"Long live Germany. Long live Argentina. Long live Austria. These are the countries with which I have been most closely associated and I shall not forget them. I greet my wife, my family and my friends I had to obey the rules of war and my flag. I am ready."

WANTED CREMATION

Eichmann, the father of four sons, was born in Austria, served Germany and hid out after World War II in Argentina.

Eichmann's wife, Vera, was the only member of his family to see him in prison.

The government announced: "Adolf Eichmann's will includes a request that his remains be cremated."

Eichmann went to his death 2 years and 21 days after Israeli commandos captured him in Argentina by air, ending a world-wide search by Jewish agents that began on the smoldering ashes of the Nazi empire.

The swiftness of the execution after the rejection of the appeals surprised Israelis and many others around the world. Some leading Jews had urged that Eichmann be spared as a living reminder of Nazi horrors. Many others, however, urged death. Not one Israeli newspaper pleaded for Eichmann's life.

PITTSBURGH (AP)—A crazed mental patient fatally shot a doctor at a Veterans Administration Hospital today and wounded a policeman during a gunfight.

ACCUSED BY MORSE

Morse accused Bloom of "twisting logic in an attempt to undermine the true facts."

The Democratic chairman concentrated mostly on Bloom's remark Wednesday claiming Republican opposition to Democratic tax programs rather than the Democrats themselves was responsible for the decrease in the percentage of general fund revenues contributed by business.

"Mr. Bloom finally has been forced to recognize eight years of positive Democratic accomplishment and he had to cite the Republican Party's record of opposition and obstructionism within that same period of time in order to do it," Morse said.

"THE TELLING POINT"

Morse agreed that collectively there are more businesses and industries contributing to the general fund revenues today than during the years of Republican administration.

"But," he added, "the telling point is the fact there has been a decrease in the tax bill each industry pays and this reduction is the direct result of the concern of the Leader and Lawrence administration in creating a more favorable business climate which has encouraged industry and its leaders to look with favor on Pennsylvania."

MOSCOW HIKES PRICES OF ITS MILK, BUTTER

by PRESTON GROVER

MOSCOW (AP)—The Soviet Union today hiked consumer prices of meat and butter to finance the country's lagging agricultural program in the face of food shortages.

Butter—up 25 per cent—will cost \$1.83 a pound; pork and beef—up 30 per cent—will retail for 88 cents a pound.

The effect of the increases are measured against salaries much lower than those in most foreign countries. A semiskilled Soviet worker gets the equivalent of \$38 a month, professional and semi-professional people about \$22 a month.

The government announcement said that the increased charges were necessary because there was no other means of raising money to pay the increased expenses on farms.

U. S. IS BLAMED

Blame was placed in part upon the United States. The statement said it was not possible to "switch funds to increasing the output of livestock products at the expense of the country's defensive capacity."

"We do not live in a vacuum. While imperialism exists, the danger of new wars will remain. It is no secret that international reaction, with the United States at the head, now is engaged in sabre rattling conducts a feverish arms race and harbors plans for a surprise rocket nuclear attack on the U.S.S.R. and the other socialist countries. Its politicians and generals speak openly of this."

The order for the increase in prices was issued by the Communist party central committee and the government. Its effect was law since all stores are government stores and the prices are fixed by decree.

COST INCREASES

The statement said the cost of producing food, meat and butter had increased sharply because of the expenditures on mechanization on the farms.

The announcement made it plain that people in the cities are going to bear the lion's share of the burden of the increased prices. That will tend to level out the living standards of the city and country groups. Normally city people have lived better in the Soviet Union because of a sharp salary and income advantage accorded them from the time of the revolution.

Today's Talk

NATURALNESS
Francis Bacon once wrote that "Some men's behavior is like a verse, wherein every syllable is measured."

That's about the best description of many men's ways.

There is only one true law for conduct and that is the law of your Best Impulse. To do what your heart suggests and your brain decides.

I love to watch a child because it plays, talks and thinks naturally and is unaffected.

To watch some women come out of a public dining room, or some men at their jobs, you would think that some mysterious dispensation had been put abroad in the world just "to watch them go by."

I am reminded, from observation, that most great men and great women are natural and unaffected. That is what made and keeps them great.

The world is little concerned with how you strut or dress (in so far as style is concerned) so long as you ACT and put to work all that you are.

People of achievement have little time to note the effect created by their presence here or there. They deal in "futures." And they prefer to keep their objectives concealed until they have won their points.

Remember that, as you are, there is not another in all the great world. And that your development along natural, unaffected lines is the surest road to your largest stature in the world.

Tomorrow Mr. Adams will talk on the subject: "Pride"

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times
FIFTEEN YEARS AGO

George W. Krug, Kingsdale, the last surviving veteran of the Grand Army of the Republic, and one of the oldest of the 97 remaining Union veterans of the Civil War in the United States observed his 101st birthday on May 26. Mr. Krug was reported suffering from a cold but his illness was not considered serious and he was not bed-ridden, his daughter said. Several members of the local camp of the Sons of Union Veterans, including Harry and Frank Deatrick, Jesse E. Snyder, William L. Meals and William L. Meals Jr., visited Mr. Krug, taking with them birthday greetings and gifts of fruit and tobacco.

C. W. Myers Honored: A \$5,000 contribution to the Gettysburg College Expansion Fund has been received from the Western Maryland Railway Company, "in honor of Charles W. Myers, our agent at Gettysburg since 1902 and an employee of this company at that point since 1881." In a letter to Dr. Henry W. A. Hanson, president of the College, Charles W. Brown, president of the Western Maryland, said, "This contribution should be used in such a manner as the public and student body who visit Gettysburg college may have knowledge as to why the contribution is made. We feel that it should be an object lesson to young people, indicating that loyalty and devotion, and faithful service in their public lives, have their just reward. In my observation of the thinking being done by some college graduates over the past number of years, I have an idea that the fundamentals of our system of government and our way of life are best taught in the small colleges, which is another reason why I am glad to make this contribution to your college."

Mrs. S. J. Poppay Selected: Gettysburg women Wednesday evening selected their candidate for a position on the Gettysburg School board at the fall election. She is Mrs. Erma D. Poppay, Seminary Avenue, Red Cross Nurses' Aide corps instructor here during the war and wife of Sydney J. Poppay, manager of the Majestic and Strand theaters. Representatives of 15 local women's organizations made Mrs. Poppay their unanimous choice for a school board position after she had received a majority of the votes on the first secret ballot. The other women proposed as candidates were Mrs. E. Donald Scott, Baltimore street, and Mrs. Lester O. Johnson, North Strat-on street. All three had the backing of various women's groups, whose representatives spoke in glowing terms of their qualifications for a school directorship.

Head Of Trapp Family Singers Dies: Baron George von Trapp, Austrian naval veteran of the First World War and the head of the noted Trapp family singers, Austrian producer of folk and religious music, died Friday at his home at Slove, Vt., after a brief illness. His age was 67. The Trapp Family Singers appeared here in a concert early in February but the Baron did not accompany them to Gettysburg because of the illness of the Baroness.

New State Taxes Now In Force: New state taxes on cigarettes, beer and soft drinks went into effect on Sunday and local dealers were compelled to file inventories of their stocks as of that date. The tax on cigarettes jumped from 2 cents a pack to 4 cents. The tax on beer was increased from one-half cent a pint to one cent and a new tax was placed on soft drinks at the rate of one cent for each 12 fluid ounces. Dealers must pay \$1 to secure a state permit to sell soft drinks.

ITCHY BRA MAY SET OFF NEW BRITISH MOVE

By HAL R. COOPER
LONDON (AP)—An itch under Jeannie Buchanan's brassiere budded into a demand Wednesday for the British government to set up a ministry of consumer protection.

The demand was voted by 300 women leaders of the Labor party after hearing how comely Mrs. Buchanan, 35, tried in vain to get back the money she paid for a brassiere.

Bemused by an advertisement which suggested that almost any girl would stop traffic in a bra of this brand, Mrs. Buchanan invested 16 shillings—\$1.22—in one of them.

SHE KNOWS WHY
"It itched," she told the women's conference in Blackpool. "It was so scratchy that within two days I had to discard it. I know why."

She told the women's conference in Blackpool. "It was so scratchy that within two days I had to discard it. I know why."

Just Folks

COMMENCEMENT
This is the road to knowledge, Rugged and steep and slow, All you have learned at college Leaves you with more to know. Books with the facts and figures You've read in your cozy den, Now you must join with the diggers, Now you must learn from men.

Simple and clear the fact is, Gaze on it opened eyed, The skill and the art of practice Is never by books supplied. Proficiency comes by doing Again and again and again, By digging and dragging and hewing Out there with your fellowmen.

The glory of college passes As bloom on the apple bough. Though you stood at the top in your classes, You must start at the bottom now. Make sure that they haven't fooled you With praises not wholly true. In the lore of the books, they've schooled you, But now you must learn to do.

why the girl in the advertisement stopped the traffic—she had to take her bra off. Well, I complained to the makers.

"Correspondence went backward and forward. The firm told me they sold this product in 33 countries, 13 of them English-speaking. "What the language spoken has to do with the quality of a brassiere I never did find out.

GOT EXPERIENCE
"I returned the brassiere to the makers, but they mailed it right back to me. So in the end I had to write the price off as 16 bobs worth of experience."

Bobs is British slang for shillings.

The conference agreed with Mrs. Buchanan that the complaint of an individual consumer carries too little weight to get much action out of a big company. It formally resolved that a government department should be created to deal with such bees.

Liked Girl To Squeal

HIGH-POINT, N.C. (AP)—Charles Goodwin of High Point, charged with reckless driving, claimed in court he really wasn't driving recklessly.

Goodwin, ordered to pay court costs on the charge, said he was out with his girl friend and ran off the road every now and then to make her squeal.

Goodwin is 75.

The telephone booth was first improvised by Thomas A. Watson, an assistant to Alexander Graham Bell. Watson piled up a mound of blankets and crouched inside while he telephoned, to stop the complaints of Dr. Bell's landlady that Watson was shouting into the phone.

Smith, who lived with the McBeths, as the killer.

After hours of questioning Smith maintained his innocence. He contended the McBeths were still alive when he drove away early last Sunday.

Smith said he had been going to visit his mother in Denver, Colo. Smith's car was found abandoned near Unionville on Sunday. He told police he had stopped along a road to sleep when he heard a broadcast of the slayings listing him as a suspect. He claimed he took off on foot through the rough country to work his way back to Sigourney and tell his story to the sheriff.

Patrolman Richard Smith and Lowell Harris found Gayno in a loft hiding under hay.

Gayno was unarmed when captured. Officers found \$27 in his pockets.

The motive for the slayings has not been determined.

68,203,000 ARE WORKING

WASHINGTON (AP)—Employment rose by nearly 1,400,000 in May to 68,203,000—a record for any May—the government said Thursday.

Unemployment fell by 227,000 to 3,719,000, a bit more than expected. The idle total is down about 1,000,000 from the same month last year.

The seasonally adjusted rate of unemployment within the work force declined from 5.5 to 5.4 percent—continuing a six-month downward trend. A year ago, the rate was 7 per cent.

The job increase in May was about 500,000 more than was seasonally expected. The employment total was about 1,000,000 higher than the previous high for May, in 1960, and more than 1,500,000 above a year ago.

SAN ANTONIO, Tex. (AP)—Nearly half a million San Antonio residents took Sabin oral polio vaccine Thursday in a mass move to avert a possible epidemic.

Today's Talk
NATURALNESS
Francis Bacon once wrote that "Some men's behavior is like a verse, wherein every syllable is measured."
That's about the best description of many men's ways.
There is only one true law for conduct and that is the law of your Best Impulse. To do what your heart suggests and your brain decides.
I love to watch a child because it plays, talks and thinks naturally and is unaffected.
To watch some women come out of a public dining room, or some men at their jobs, you would think that some mysterious dispensation had been put abroad in the world just "to watch them go by."
I am reminded, from observation, that most great men and great women are natural and unaffected. That is what made and keeps them great.
The world is little concerned with how you strut or dress (in so far as style is concerned) so long as you ACT and put to work all that you are.
People of achievement have little time to note the effect created by their presence here or there. They deal in "futures." And they prefer to keep their objectives concealed until they have won their points.
Remember that, as you are, there is not another in all the great world. And that your development along natural, unaffected lines is the surest road to your largest stature in the world.
Tomorrow Mr. Adams will talk on the subject: "Pride"

ITCHY BRA MAY SET OFF NEW BRITISH MOVE
By HAL R. COOPER
LONDON (AP)—An itch under Jeannie Buchanan's brassiere boded into a demand Wednesday for the British government to set up a ministry of consumer protection.
The demand was voted by 300 women leaders of the Labor party after hearing how comely Mrs. Buchanan, 35, tried in vain to get back the money she paid for a brassiere.
Bemused by an advertisement which suggested that almost any girl would stop traffic in a bra of this brand, Mrs. Buchanan invested 16 shillings—\$1.22—in one of them.
SHE KNOWS WHY
"It itched," she told the women's conference in Blackpool. "It was so scratchy that within two days I had to discard it. I know

FIFTEEN YEARS AGO
George W. Krug, Kingsdale, the last surviving veteran of the Grand Army of the Republic, and one of the oldest of the 97 remaining Union veterans of the Civil War in the United States observed his 101st birthday on May 23. Mr. Krug was reported suffering from a cold but his illness was not considered serious and he was not bed-ridden, his daughter said. Several members of the local camp of the Sons of Union Veterans, including Harry and Frank Deatrick, Jesse E. Snyder, William L. Meals and William L. Meals Jr., visited Mr. Krug, taking with them birthday greetings and gifts of fruit and tobacco.

COMMENCEMENT
This is the road to knowledge, Rugged and steep and slow, All you have learned at college Leaves you with more to know. Books with the facts and figures You've read in your cozy den, Now you must join with the diggers, Now you must learn from men.
Simple and clear the fact is, Gaze on it opened eyed, The skill and the art of practice Is never by books supplied. Proficiency comes by doing Again and again and again, By digging and dragging and hewing Out there with your fellowmen.
The glory of college passes As bloom on the apple bough, Though you stood at the top in your classes, You must start at the bottom now. Make sure that they haven't fooled you With praises not wholly true. In the lore of the books, they've schooled you, But now you must learn to do.

C. W. Myers Honored:
A \$5,000 contribution to the Gettysburg College Expansion Fund has been received from the Western Maryland Railway Company, "in honor of Charles W. Myers, our agent at Gettysburg since 1902 and an employee of this company at that point since 1881." In a letter to Dr. Henry W. A. Hanson, president of the College, Charles W. Brown, president of the Western Maryland, said, "This contribution should be used in such a manner as the public and student body who visit Gettysburg college may have knowledge as to why the contribution is made. We feel that it should be an object lesson to young people, indicating that loyalty and devotion, and faithful service in their public lives, have their just reward. In my observation of the thinking being done by some college graduates over the past number of years, I have an idea that the fundamentals of our system of government and our way of life are best taught in the small colleges, which is another reason why I am glad to make this contribution to your college."

New State Taxes Now In Force:
New state taxes on cigarettes, beer and soft drinks went into effect on Sunday and local dealers were compelled to file inventories of their stocks as of that date. The tax on cigarettes jumped from 2 cents a pack to 4 cents. The tax on beer was increased from one-half cent a pint to one cent and a new tax was placed on soft drinks at the rate of one cent for each 12 fluid ounces. Dealers must pay \$1 to secure a state permit to sell soft drinks.

Mrs. S. J. Poppay Selected:
Gettysburg women Wednesday evening selected their candidate for a position on the Gettysburg School board at the fall election. She is Mrs. Erma D. Poppay, Seminary Avenue, Red Cross Nurses' Aide corps instructor here during the war and wife of Sydney J. Poppay, manager of the Majestic and Strand theaters. Representatives of 15 local women's organizations made Mrs. Poppay their unanimous choice for a school board position after she had received a majority of the votes on the first secret ballot. The other women proposed as candidates were Mrs. E. Donald Scott, Baltimore street, and Mrs. Lester O. Johnson, North Stratton street. All three had the backing of various women's groups, whose representatives spoke in glowing terms of their qualifications for a school directorship.

Detroit Wins 10th In Last 12; Belt Chisox By 13-5; Tribe Edges Birds

By MIKE RATHET
Associated Press Sports Writer

Al Kaline is out with a broken shoulder, Frank Lary, a 23-game winner last year, has one victory. Batting champion Norm Cash and slugger Rocky Colavito are hitting .238 and .235, respectively. And the Detroit Tigers have moved within two games of the American League lead.

How've they done it? With key contributions from the slowly reawakening C boys—Cash and Colavito, and with outstanding performances from players such as infielder Jake Wood, outfielder Billy Bruton and pitcher Paul Foytack.

4TH FOR FOYTACK

The trio combined Thursday as the Tigers won their 10th in 12 games by belting the Chicago White Sox 13-5.

Foytack, who had been relegated to the bullpen at the start of the season, ran his record to 4-1 since being restored to the starting rotation when Lary was injured.

Cleveland upped its first-place edge over the idle New York Yankees to a full game by beating Baltimore 4-3. In the only other game scheduled, Kansas City blanked Washington 1-0 behind Jerry Walker's six-hitter.

ERROR HURTS ROBIN

Backed by the slugging of Wood who drove in five runs, and Bruton who drove in four, the Tigers had little difficulty with the White Sox, although Foytack had to have relief help in the seventh. Foytack gave up six hits before Ron Kline took over. Don Zanni (2-2), first of four Chicago hurlers took the loss.

The Indians, shut out on three hits by Robin Roberts for five innings and trailing 3-0, used Brooks Robinson's error as a wedge in the sixth inning and scored all their runs. Jim Grant (3-0) won it with relief help from Gary Bell. Ron Hansen homered for the Orioles.

Walker (6-2) won his pitchers' duel with the Senators' Steve Hamilton (0-2) when the A's came up with an unearned run in the last of the ninth.

Eastern League

By THE ASSOCIATED PRESS

Gary Kroll has put the front-running Williamsport Grays back on the right track in the Eastern League with probably his best pitching performance of the year. The 6-6 right-hander gave up only four hits and struck out 15 batters Thursday night in a 4-2 victory over Elmira which had taken a doubleheader from the Grays on Memorial Day.

Coupled with Charleston's 4-3 loss to Binghamton in 11 innings, the victory allowed the Grays to regain the game they had lost on Memorial Day. They now lead by 4½.

The only other action, Springfield defeated York 10-4.

Kroll (4-1) was backed by a solo homer by Dick Edwards in the fifth and three more runs in the sixth on four hits, including a double by Bobby Sanders and a triple by John Shockley.

Jim Hart paced Springfield with two home runs and two singles in five trips to the plate. Bill Hands (4-1) was the winner.

PHILADELPHIA (AP)—Offensive center Howard Kins and reserve quarterback King Hill have signed their 1962 contracts, the Philadelphia Eagles of the National Football League announced Thursday.

AL DARK SAYS BALANCE KEY TO SUCCESSES

By GEORGE ESPER

PHILADELPHIA (AP)—What's the strongest point of the National League leading San Francisco Giants?

"The over-all balance of the club," said Manager Alvin Dark after the Giants swept a doubleheader from Philadelphia Wednesday, 4-3 in 12 innings and 5-2, extending their win streak to seven games and maintaining their 1½ game lead.

Dark was quick to single out Stu Miller as the type of relief pitcher who can do the job.

WON IN 12TH

Miller hurled three scoreless innings in relief in the first game Wednesday to gain his third victory against one loss as Jose Pagan's single scored the winning run in the 12th. Then he combined with Don Larsen for three scoreless innings in the nightcap to preserve the win for Mike McCormick.

"Don Larsen has helped," continued Dark. "Billy Pierce has helped. We've got good hitting and good defense."

Pierce, acquired from the Chicago White Sox in a trade the past winter was 10-9 with the American League club last year. This year he's 7-0, accounting for one-fifth of the Giants' 35 victories.

Pierce attributed his outstanding record mainly to the fact that his Giant teammates "have scored a lot of runs" for him. "Lots of runs and good defense, that's what really helped," he said.

ANGELS FACE SEVERE TEST OVER WEEKEND

By CHARLES MAHER

Associated Press Sports Writer
LOS ANGELES (AP)—The Los Angeles Angels, organized in greater haste than the Revolutionary Army, had won 16 games and lost 28 at this time last year.

And, even with this underwhelming record, there was some talk they were playing over their heads.

Today, a season later, they have won 24 of their first 44 games and are only two games out of first place in the American League.

The balloon may be shot down this weekend, when the New York Yankees drop in at Chavez Ravine for a three-game series. Just out of curiosity, 100,000 or more will probably pay to see how long the Angels can keep up their first-division masquerade.

Relief pitching has been a significant factor in the Angels' astonishingly good start this season. It was evident again Wednesday night, when the Angels beat Boston for the seventh and eighth straight times, 10-5 and 4-0.

Right-hander Eli Grba took over for Angel starter Dean Chance in the sixth inning of the opener and stopped Boston on just one hit and one run the last four innings.

Right-handers Ryne Duren and Art Fowler, both normally relief pitchers, worked for Los Angeles in the second game—and pitched a three-hit shutout between them.

Duren gave up only one hit through three innings but Manager Bill Rigney decided that was as far as he should go. The 39-year-old Fowler allowed only two singles the rest of the way and set the Red Sox under in order in four of the six innings he worked.

Roger Craig, the ex-Dodger who pitched for the Mets, touched off a wild uprising in Candlestick Park Sunday by hitting Orlando Cepeda of the Giants with a pitched ball.

Cepeda started to charge the mound but was persuaded to take first base. A few seconds later when Elio Chacon got into a fuss with Willie Mays at second base, Cepeda and Craig went at it.

CHACON IS FINED
The only disciplinary action taken by the league office was a \$100 fine to Chacon for his part in the brawl.

With the Giants returning to the Polo Grounds for the first time since they left in 1957 and a full house of 50,000 plus expected, it was natural that Craig would draw the pitching assignment against Billy Pierce.

"I hold no grudge against Cepeda or anybody else," said Craig after Thursday night's game with Los Angeles. "The only feud that I have is that I want to beat them."

"Look, we've lost 11 straight. All I want to do is get us out of it. I usually pitch pretty good against the Giants."

How about Cepeda? Does he crowd the plate?

"No, he stand off pretty good," said Craig. "You know the way I pitch, working on the outside crowd me and take away that outside corner. I have to protect myself I never threw at anybody to hit them yet."

Important Games Carded Sunday In SP League

Top attraction in the South Penn Baseball League on Sunday will be the clash between Arendtsville (4-2) and New Oxford (5-1) at New Oxford. The home team is currently in a three-way tie for first place with Arendtsville only a game back.

Gettysburg and McSherrystown, both with 2-4 marks, will clash at McSherrystown.

Other games include Harney (0-5) at Littlestown (5-1); Brunsdown (3-3) at Mummarsburg (3-3); Fairfield (5-1) at Cashtown (1-4), and Boneauville (3-3) at Taneytown (3-3).

FUR MAY FLY IN POLO GROUNDS THIS EVENING

By JACK HAND

Associated Press Sports Writer
NEW YORK (AP)—The civil war of baseball could break out all over again tonight when the Giants return to their old Polo Grounds to meet the new tenants, the Mets.

The Mets, New York's new National League entry, tangled with old Giants in San Francisco last week for the first time. They are still talking about the feuding and fusing.

Roger Craig, the ex-Dodger who pitched for the Mets, touched off a wild uprising in Candlestick Park Sunday by hitting Orlando Cepeda of the Giants with a pitched ball.

Cepeda started to charge the mound but was persuaded to take first base. A few seconds later when Elio Chacon got into a fuss with Willie Mays at second base, Cepeda and Craig went at it.

Dodgers Take 11th In Row As Giants Are Pinned By Phils; Reds Beat Braves

\$5 MILLION GATE IS SEEN FOR BIG FIGHT

By JIM HACKLEMAN

Associated Press Sports Writer
It's still the powerful San Francisco Giants and the dazzling Los Angeles Dodgers bunched at the top of the National League. But the surprising Cincinnati Reds, who took it all last year, are on the move.

The Reds clicked again Thursday, beating Milwaukee 7-4 behind steady pitching by Bob Purkey and resurgent slugger star Frank Robinson. Purkey became the majors' first nine-game winner with a seven-hitter and Robinson had a double and a decisive three-run homer.

The Dodgers won their 11th in a row as they pinned the 11th loss in a row on the New York Mets, 6-3, on a three-hit pitching job by Joe Moeller. Ed Roebuck and Ron Perranoski, Philadelphia's Art Mahaffey trimmed the Giants 2-1.

HOLD NARROW EDGE
The results left the Giants with a mere half game edge on the Dodgers and the Reds.

In other NL games, Pittsburgh won its fifth straight 5-4 over St. Louis and Houston whipped Chicago 10-6.

Purkey, a 16-game winner for Cincinnati last year was tagged for a homer with one on by Hank Aaron in the sixth and yielded two more runs in the eighth.

Robinson's double got in a run as the Reds scored twice off Carl Willey in the third and he powered Cincinnati into a 7-2 lead in the seventh with his homer, which followed singles by Don Blasingame and Marty Keough.

GIANTS STOPPED
The Dodgers played even with the Mets until the sixth, when Larry Burright broke a 2-2 tie with a two-run triple and scored on a sacrifice fly. Roebuck allowed just one single in his five-inning stint but came out in the ninth after the Mets loaded the bases. They managed one run before Perranoski slammed the door.

Mahaffey stymied the Giants with speed and control before wavering slightly in the late going. He was nicked for two singles in the eighth, then was finally reached for a run in the ninth on Orlando Cepeda's triple and Felipe Alou's single with one out.

The Phils collected four of their six hits and both their runs off lefty Billy O'Dell in the first.

Bob Friend ended a string of five losses with ninth inning relief from Eloy Face and Diomedes Olivo as the Pirates nipped the Cardinals. Friend, now 5-6, and Dick Groat batted in two runs each and Bill Mazeroski's homer proved the winner.

The Pirates rapped Curt Simmons for six of their nine hits and routed the St. Louis left-hander in their two-run second. Lindy McDaniel went the rest of the way for the Cards.

Carl Warwick supplied the ninth-inning clincher for the Colts with a two-run single and Jim Pendleton applied the crusher, a three-run homer. The victory went to Don McMahon. Don Elston was the loser.

Ken Hubbs, Ron Santo and Lou Brock homered for the Cubs, with Brock's giving them a 6-5 lead in the seventh.

SP ALL-STAR GAME JULY 13
Friday evening, July 13, at 8 o'clock was set as the date for the annual All-Star game at a meeting of the South Penn Baseball League Thursday evening at the American Legion Home.

The game will be played under the lights at Memorial Field, Littlestown.

The league was split as follows to supply players for the game: North — Arendtsville, Mummarsburg, Gettysburg, Castown, Fairfield and Boneauville; South — New Oxford, Harney, Brunsdown, McSherrystown, Taneytown and Littlestown.

Each team must be represented by at least three players. Managers will meet in the near future to name 25-man squads.

Local Athlete Wins Letter At Amherst
Gordon Richardson, son of Dr. and Mrs. Norman E. Richardson, Oak Ridge, has won a varsity letter in lacrosse at Amherst College, Amherst, Mass. A Sophomore, Richardson was a reserve defenseman for the Lord Jeffs who finished the season undefeated and were New England Class B champions.

Richardson was graduated from Phillips Exeter Academy where he won letters in football and lacrosse. He won his Freshman numerals in lacrosse at Amherst last season. In addition he is a member of WAMP, the college radio station, and Psi Upsilon fraternity. He will probably be a starting defenseman next season.

Games Rained Out Thursday Evening
Thunderstorms Thursday evening forced postponement of the local Little League and Big Little League games.

Tonight's Little League game pits the Gettysburg National Bank against the Lions, while the Big Little League game sends the Elks against the Eagles.

MEMPHIS, Tenn. (AP)—Deadly accurate Gay Brewer Jr. led a tight knot of front runners today as a trimmed field moved into the second round of the \$40,000 Memphis Open Golf Tournament.

Brewer went ahead Thursday on a smooth 32-42-64 over the 6,501-yard, 34-36-70 Colonial Country Club course. He did it with six birdies, including the shot of the day, an 80-foot chip that found the cup for a birdie.

Tourney favorite Arnold Palmer labored well behind with a 35-36-71, hindered by a wayward putter he had to use 36 times in the round. He three-putted two greens and needed four on another.

Following hard behind Brewer were four regulars Gary Player, Billy Maxwell, a former winner here, and Don January, all with 32-33-65.

NEW DALLASTOWN COACH
Daniel Capanna, 35, who has been head football coach for six years at Meyersdale High School in Somerset county, was named Thursday night to succeed Rafe S. Nabors at the helm of Dallastown Area High School's grid team.

SMALLEST HEARING AID IN THE WORLD

WORN INSIDE THE EAR

Sonotone has done it again with the "WISP-EAR," the world's smallest hearing aid, worn entirely in the ear. It's cordless hearing - no cords down the neck, nothing behind the ear, nothing on the body. The new Sonotone snugly fits in the hollow of the ear. It weighs only 1/5th of an ounce (including tiny battery inside) and is so small it's hardly noticeable.

The "WISP-EAR" can help 7 out of 10 persons with hearing losses. Slips in and out of your ear so easily - ideal for those who "hear but don't understand." As small as a dime, as light as a nickel. Here's better hearing from Sonotone in the remarkable modern way - the "WISP-EAR" worn inside the ear.

Shriver Homestead Opens To Public

After 165 years of occupation by the same family, the old Shriver Homestead at Union Mills, Md., will be opened to visitors for the summer months, beginning June 10, according to Prof. Frederic Shriver Klein, curator and one of the owners of the historic Maryland home, located along Pipe Creek on U. S. 140 between Westminster and Gettysburg.

The 23-room mansion, with the adjoining brick mill and weathered outbuildings, were built in 1797 by two brothers, Andrew and David Shriver. Relics of more than a century and a half of American rural life have been preserved with little change, because the homestead never changed ownership, and still contains original furnishings, utensils, musical instruments, toys, heating devices, Civil War relics, and necessities of daily living from six generations of American history.

SMALLEST HEARING AID IN THE WORLD

WORN INSIDE THE EAR

Sonotone has done it again with the "WISP-EAR," the world's smallest hearing aid, worn entirely in the ear.

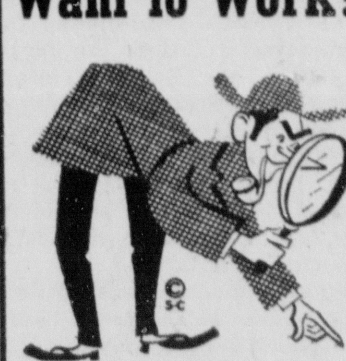

It's cordless hearing — no cords down the neck, nothing behind the ear, nothing on the body. The new Sonotone snugly in the hollow of the ear. It weighs only 1/5th of an ounce (including tiny battery inside) and is so small it's hardly noticeable.

The "WISP-EAR" can help 7 out of 10 persons with hearing losses. Slips in and out of your ear so easily — ideal for those who "hear but don't understand." As small as a dime, as light as a nickel.

Here's better hearing from Sonotone in the remarkable modern way — the "WISP-EAR" worn inside the ear.

"Peter Gave Blind Beggar Reason To Live"

REV. EDWIN P. ELLIOTT
Pastor, Lower Marsh Creek
Presbyterian Church

In the Book of Acts, chapter two, the first ten verses is the famous story of the Apostle Peter meeting the blind beggar. The beggar man asked for alms. Peter answered him, "I have no silver and gold, but I give you what I have; in the name of Jesus Christ of Nazareth, walk." Peter took the man by the right hand, raised him up and he walked.

What was the secret of Peter's power? This is the story of a man who was miraculously healed, but how? What did Peter give him which was able to cure? It was not medicine, nor a crutch, or any physical treatment. Peter gave the man something which each of us needs, a reason to live.

The worst of this man's sickness was not the weak legs, but the weak heart and purpose which controlled the legs. When he looked into Peter's eyes and heard his words, there was born the conviction that God was concerned for him. The entire meaning of life was changed because he realized that Jesus Christ was concerned for him.

MANY SEEK REASON

Countless people today seek for a reason for living, for some reassurance which will tell them that life is worthwhile. They want to know, but do not say, "Why should I walk? To what purpose should I try?" Our world is full of people in every part of society who if asked, "Why do you live?" could not give an intelligent answer. They simply do not know.

(Continued On Page 10)

There is sure distress coming to the man or woman who has no reason to live. In that feeling lies the root of much trouble in the family, in the individual, and in the courts. The haunting uncertainty, does life have a meaning, or does it not, leads many a man or woman to drown his conscience in drink or dope. Far worse, it makes many people stumble along crippled, half living, half lost and far from sure of anything.

LIFE HAS MEANING
The Christian faith has proclaimed through the ages that

life does have a meaning. The purpose expressed by Peter, "In the name of Jesus Christ" has given, and will continue to give, men a reason to stand up and walk. Life does not break down from too great a load. It breaks down from a meaningless load or too small a load. Architects tell us that the way to strengthen a true arch is to put more weight upon it. Likewise, with people, the way to strengthen a weak character is to place more responsibility on it. Men rise to great occasions; they grow to great challenges. The shiftless

youth who accepts responsibility often becomes the man of strength and resourcefulness because he accepted the burden of life places on him.

In the name of Jesus Christ, rise up and walk! Doctors often can heal the body, but the healed body needs a motive for living. It is the purpose in the soul which gives the body strength. Jesus Christ places great burdens upon men; the demands the best in conduct, in thought or effort. There is no escaping His yoke nor is there any task too great for Him to assign our feeble strength.

What is the result? He has grown and developed the greatest leaders and the most powerful men of any religion. It has amazed the world again and again to see how a man or woman grows when he starts to live for Christ. Nobody knows what he can do until he accepts the task Christ gives.

"ISSUES OF LIFE"

Out of the heart are the issues of life. Often life develops a starved and crippled look just because the heart is empty without drive or purpose to feed the mind. Life today is easy and our genera-

any time before this. Thousands say, nevertheless, in their hearts, "Who is it all about? Who cares? How does the ball bounce?"

The ringing challenge of Christians remains the same through the years, "For the sake of Jesus Christ stand up and walk!" Use the power God has given for God's purpose, and your life will find meaning. When life has a meaning, one knows where to go and how to live. He who lives for Christ does not stumble in the darkness. He is a tower of strength.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Lonely, gnarled, and neglected, but a thing of beauty, isn't it?

We know that trees are functional, that is, they hold the soil, the good earth, the rain. But more than that, each tree, in loneliness or forest, sings out the praises of its Creator, God.

Much more so, does man reflect the glory and image of God. He too then, must sing out the praise and honor to God, his Creator. There is a place for that worship and honor; it is your church. Whether lonely, solitary, or in crowds, He awaits you... to hear and to answer.

25 YEARS SINCE DUCHESS OF WINDSOR WED

By JOY MILLER
AP Women's Editor

NEW YORK (AP)—Twenty-five years have passed since Mainbocher designed the wedding gown that has been called one of the most photographed, most copied dresses of modern times. Wallis Warfield Simpson wore it June 3, 1937 at her wedding to the Duke of Windsor, who had given up the British throne six months before to marry "the woman I love." She later gave the dress to the costume institute of the Metropolitan Museum of Art.

"It was of interest at the time," Mainbocher recalls, "because it was a two-piece dress with a long, simple skirt and the first of the tops where the jacket is not supposed to be removed."

SECRET GOT OUT

For the last 22 years Mainbocher has had his couture house in New York, and alone among American designers sells only to private clients. But back in the thirties when the royal romance was making headlines, he was a leading couturier in Paris.

"Mrs. Simpson had been my client for some time. When it came to the trousseau she asked me to make it, and also the wedding dress," he remembers. Although the design was a closely guarded secret, a copy was spirited to the United States and put into production practically at the same time the vows were being exchanged at a French chateau. At first copies were relatively expensive, but soon the famous dress was showing up on the \$10 racks.

MANY FITTINGS

"She was staying with friends at a chateau near Tours," he said. "She didn't come to Paris at all. I sent a fitter down on Saturdays to spend the day fitting the trousseau. He went five or six Saturdays."

"I myself went down on the Saturday before the wedding to see her in the dress." The duchess-to-be must have been well pleased. The day before the wedding, a hectic time for most brides, she stopped long enough to send him a picture inscribed "To Mr. Bocher with my grateful thanks, Wallis Warfield."

"A JOY TO FIT" By addressing him as Mr. Bocher she was paying tribute to a fellow American. For the Chicago-born designer was christened Main Rousseau Bocher—the Main was his mother's Scotch family name and the Rousseau was contributed by his father, an ardent

Short, stocky, white-haired Mainbocher, who believes in dressing women to look like women, is visited by the duchess when she comes to New York, although he no longer clothes her exclusively. "She has always been a joy to fit," he says. "She can take a longer fitting at one sitting than most. She has fabulous energy and concentrates on what she's doing."

ALMOST SOLD WINNING HORSE IN FUTURITY

By JOHN CHANDLER
Associated Press Sports Writer

YONKERS, N.Y. (AP)—Eugene (Buck) Minnear, half-owner, trainer and sometimes driver of Ranger Knight, almost sold his interest in the winner of the \$117,542 Cane Futurity Pace and a couple of good prospects.

"You might say I'm pretty lucky," the Aiken, S. C. trainer, said Thursday night after Ranger Knight got up in the last few strides and beat the favored Lehigh Hanover at Yonkers Raceway.

The victory in the Cane, second jewel in the triple crown of racing for 3-year-olds, was worth \$64,648 to Minnear and co-owner Dr. V. T. Scroggin of Hollywood, Calif.

About five years ago Minnear traded a trotter for the mare Brenda K—and bred her to his stallion Ranger Hanover. The product was Ranger Knight.

HAD PARTNERSHIP

Minnear, meantime, had formed a partnership with Dr. Scroggin, and the doctor wanted to buy Brenda K, which would have given him sole ownership of Ranger Knight.

"Then he changed his mind," Minnear recalled, "and said he would only take a half interest. I would have sold him all of her, because she hadn't done anything and that's where the luck comes in."

Ranger Knight, fifth in the Messenger Stakes, first of pacings' triple, was driven by Clint Hodgins Thursday night because Minnear is sitting out a suspension.

Hodgins got the bay colt up in the final strides to overtake Lehigh Hanover and win the mile and one-sixteenth test by a half length. Ritzy Hanover, the only filly in the field of 13, set the pace most of the way, but faded going into the stretch and finished third.

The winning time over a sloppy track was 2:13 1-5.

Kennedy Orders 10 Persons To Register As Communists

By LOUIS G. PANOS
WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy has petitioned the Subversive Activities Control Board to require 10 persons to register with him as members of the Communist party.

With this action Thursday the government opened another front in its campaign to unmask the party, its leaders and members.

The Supreme Court cleared the way for the Justice Department last June when it ordered the party to register with the board under provisions of the 1950 Internal Security Act as an agency of Moscow. The party appealed but the court last October refused to reconsider.

ON RED COMMITTEE

Kennedy said in his announcement that the 10 persons were elected to the party's national committee in December 1959. He identified them in separate petitions as:

William L. Patterson, 71, chairman of the party's New York District; Betty Gannett Tormey, 55, and William Albertson, 52, both of the New York party committee and board; all of Brooklyn.

Arnold Samuel Johnson, 57, national legislative director; Miriam Friedlander, 48, New York party committee member, and Louis Weinstein, 39, New York party committee and board member; all of New York City.

Albert J. Lima, 54, Oakland, Calif., chairman of the party's Northern California district; Roscoe Quincy Proctor, 41, Berkeley, Calif., former member of the North California district committee; Dorothy Healey, 47, Los Angeles, Southern California district chairman, and Burt Gale Nelson, 52, Seattle, Northwest district chairman.

2 WERE CONVICTED

Mrs. Tormey and Weinstein were convicted in 1953 and served prison terms of two and three years respectively, on charges of violating the Smith Act which prohibits the teaching of violent overthrow of the government.

ED ROEBUCK IS KEY MAN IN DODGER PEN

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP)—Everybody gave up on Ed Roebuck except Ed Roebuck. Counted out at least three times and placed on the disabled list from April 1 to Sept. 1, 1961, the veteran right-hander is the key to the Los Angeles Dodgers' bullpen.

When the Dodgers stretched their winning streak to 11 straight Thursday night with a 6-3 victory over the New York Mets and moved within one half game of the league-leading San Francisco Giants, Roebuck was the winning pitcher.

Roebuck hadn't pitched more than 3 2-3 innings at any one stretch until he worked five Thursday night. He allowed only one hit but finally had to let Ron Perranoski mop up after two two walks and an error by Larry Burright loaded the bases with none out in the ninth.

CONSTANT TOIL

Sheer guts is the only way to express the way Roebuck fought his way back to the active list, breaking down the adhesions behind his right shoulder by constant toil. He worked out at the Arizona Instructional League last winter and also threw to the Dodgers' farm kids.

"The more I work he better I am," he said. "I think I am throwing better than ever because I am throwing overhand. I was disappointed that I didn't finish. There is no more pain in the shoulder."

Walter Alston, the Dodger manager, admits the doctors gave up on Roebuck last year.

"If Roebuck hadn't bounced back the way he has, we would have had to carry two or three kids on our roster to protect the bullpen," Alston said.

DETROIT (AP)—The sponsors of the only two major powerboat races scheduled for the Detroit River canceled both races Thursday.

"We cannot possibly raise the \$18,000 which is necessary to stage the race and furnish the prizes," said the Detroit International Regatta Association.

The races scheduled Aug. 25-26, were the Detroit Memorial and the Silver Cup.

have 20 days in which to reply. The board then will conduct hearings and its decision in each case will become final only after review by the courts.

The maximum penalty for failure of an individual to register—if he refuses to do so after the board orders him to and the courts uphold the board—would be five years in prison and a \$10,000 fine.

Lima said in Oakland he had no intention of registering and that he would fight Kennedy's action through hearings of the board and in the courts. He called the 1950 Internal Security Act a "dragnet law under which a great majority of Americans could be put in prison without trial or evidence."

In Seattle, Nelson, who has previously stated he would "sooner go to prison than register," said he would have no comment until he had some official notification.

GIRL GUIDES HELP NATION

NEW YORK (AP)—Leaders of Girl Guides in Africa are training young citizens who will soon help guide their emerging nations.

The central idea of Guiding in Africa, says Dr. Dorothy Ferebee, is development of character and high purpose in each girl — "precisely the qualities that any new nation needs to strengthen its own character."

Dr. Ferebee, medical service director at Howard University, Washington, D.C. and member of the Girl Scouts' United States board, has recently returned from Kampala, Uganda. There she attended the first conference of Girl Guide Leaders from 29 African countries.

Politics seldom entered the discussions Dr. Ferebee says. But she was impressed that each woman present wants her own nation to be equal of other nations and each seemed to be optimistic that it soon will be.

PLAY A PART

The leaders also were confident that Guiding organization—which was started in Africa in 1927—can play a part in the development of their new countries in these ways:

Guides could learn self confidence and initiative, two traits not heavily stressed when the countries were dependent.

Troop meetings could supplement meager education available by teaching such things as how to purify a family's water, what plants are poisonous, or which ones can be cultivated as a money crop.

Most guiding troops in Africa are multi-racial, and those that are not often meet with multi-racial troops for common projects and ceremonies.

READING, Pa. (AP)—Elwood R. Keppley, state director of education for the AFL-CIO since 1959, died Thursday in a hospital.

Keppley 48 was a member of Gov. Lawrence's labor-management staff and was editor of the Pennsylvania AFL-CIO News, the official publication of the labor organization.

The Yankees have hit 100 or more home runs a year 38 times.

BEAUMONT, Tex. (AP) — A schoolboy baseball players cross-field of 31 pros and 15 amateurs, headed by defending champion Mary Lena Faulk of Sea Island, Ga., moves out today in the opening round of the \$7,500 Babe Zaharias Women's Open Golf Tournament.

It is a 54-hole affair ending Sunday over the 6,219-yard Beaumont Country Club course.

CHICAGO (AP) — Tackle Earl Leggett has signed his 1962 contract with the Chicago Bears football club.

The first 1962 shutout by a Cincinnati Red pitcher was turned in by southpaw Jim O'Toole.

A BEAUTIFUL HOME

"A good book for travelers to refer to is 'A Pictorial Guide to American Gardens,' by Louis H. Frohman and Jean Elliot. This book lists the gardens — both public and private — which tourists may visit in every state of the Union. Each garden is described for its outstanding features, and information is given on the best routes to reach them, and times and costs for admission. Some listings are conservatories, like in Phipps in Pittsburgh or Longwood Gardens in Kennett Square; some are connected with restaurants. Hershey Park is included of course. And it was a pleasure to find also 'Larch-out Garden,' Fairfield, the beautiful place created by the late Rev. and Mrs. A. W. Geigley, who so generously invited the public to their very doorstep. Their display of 6,000 tulips is spectacular, and roses bloom by the hundreds all summer long."

GIRL GUIDES HELP NATION

NEW YORK (AP)—Leaders of Girl Guides in Africa are training young citizens who will soon help guide their emerging nations.

The central idea of Guiding in Africa, says Dr. Dorothy Ferebee, is development of character and high purpose in each girl — "precisely the qualities that any new nation needs to strengthen its own character."

Dr. Ferebee, medical service director at Howard University, Washington, D.C. and member of the Girl Scouts' United States board, has recently returned from Kampala, Uganda. There she attended the first conference of Girl Guide Leaders from 29 African countries.

Politics seldom entered the discussions Dr. Ferebee says. But she was impressed that each woman present wants her own nation to be equal of other nations and each seemed to be optimistic that it soon will be.

PLAY A PART
The leaders also were confident that Guiding organization—which was started in Africa in 1927—can play a part in the development of their new countries in these ways:

Guides could learn self confidence and initiative, two traits not heavily stressed when the countries were dependent.

Troop meetings could supplement meager education available by teaching such things as how to purify a family's water, what plants are poisonous, or which ones can be cultivated as a money crop.

Most guiding troops in Africa are multi-racial, and those that are not often meet with multi-racial troops for common projects and ceremonies.

A BEAUTIFUL HOME

"A good book for travelers to refer to is 'A Pictorial Guide to American Gardens,' by Louis H. Frohman and Jean Elliot. This book lists the gardens — both public and private — which tourists may visit in every state of the Union. Each garden is described for its outstanding features, and information is given on the best routes to reach them, and times and costs for admission. Some listings are conservatories, like in Phipps in Pittsburgh or Longwood Gardens in Kennett Square; some are connected with restaurants. Hershey Park is included of course. And it was a pleasure to find also 'Latch-out Garden,' Fairfield, the beautiful place created by the late Rev. and Mrs. A. W. Geigley, who so generously invited the public to their very doorstep. Their display of 6,000 tulips is spectacular, and roses bloom by the hundreds all summer long."

REACTION ON MARKET DROPS STOCKS AGAIN

By ED MORSE
AP Business News Writer

NEW YORK (AP) — Reacting from the gains made in its big recovery, the stock market pendulum swung lower early this afternoon in heavy trading.

The Associated Press average of 60 stocks at noon was down 1.60 to 223.90, with industrials off 2.30, rails down .70 and utilities 1.10.

By ordinary standards it was a substantial loss but it was trivial compared with the wide swings made earlier this week.

KEY STOCKS OFF

Key stocks fell from fractions to 1 or 2 points. The volatile "growth" stocks and other high-priced issues took losses ranging to about half a dozen points.

Volume in the morning swelled to 2,320,000 shares—a big figure but far below Thursday's morning total of 3,710,000.

The ticker tape ran as much as 19 minutes behind transactions, then began to catch up gradually. At the comparable time Thursday it ran 43 minutes late and grew progressively later until it was one hour and 35 minutes late at the close.

GAINERS ARE LOSERS

Generally, the biggest gainers in Thursday's upswing were the losers today, and there seemed little discrimination about the selling.

A T & T sank 2 1/2 to 11 1/2, and then widened the loss slightly.

As trading wore into the afternoon, IBM and Xerox were off about 6, Polaroid 5, Litton Industries more than 4.

Steels, motors, utilities, rails, tobaccos, drugs, chemicals and most other groups joined in the selloff to a greater or less extent.

Jones & Laughlin was down about 2, Losses of a point or more were taken by U.S. Steel, Ford, International Harvester, Zenith, Union Carbide, Lorillard, Merck and others.

Du Pont was ahead nearly a point, Texaco and United Air Lines held fractional gains.

JAMESTOWN, N.Y. (AP)—The pier ballroom in nearby Celeron, a mecca for dance enthusiasts from Western New York and near-by Pennsylvania for many years, was destroyed by fire today.

Cause of the blaze, discovered about 8:30 a.m. (EDT), was not immediately determined. The 73 by 150-foot frame pavilion, was on the edge of Chataqua Lake.

There was no damage estimate available, but a local band that played in the ballroom last night lost all its instruments and equipment, worth about \$3,000.

PHILADELPHIA (AP) — Some 20 auto insurance companies have submitted evidence to the district attorney which they say indicates they were defrauded of half a million dollars.

Insurance investigators said Thursday a ring of more than 40 persons staged fake accidents and connived with car repair shops to collect insurance from more than one company to repair the same car.

No charges have been filed.

REACTION ON MARKET DROPS STOCKS AGAIN

By ED MORSE
AP Business News Writer

NEW YORK (AP) — Reacting from the gains made in its big recovery, the stock market pendulum swung lower early this afternoon in heavy trading.

The Associated Press average of 60 stocks at noon was down 1.60 to 223.90, with industrials off 2.30, rails down .70 and utilities 1.10.

By ordinary standards it was a substantial loss but it was trivial compared with the wide swings made earlier this week.

KEY STOCKS OFF

Key stocks fell from fractions to 1 or 2 points. The volatile "growth" stocks and other high-priced issues took losses ranging to about half a dozen points.

Volume in the morning swelled to 2,320,000 shares—a big figure but far below Thursday's morning total of 3,710,000.

The ticker tape ran as much as 19 minutes behind transactions, then began to catch up gradually. At the comparable time Thursday it ran 43 minutes late and grew progressively later until it was one hour and 55 minutes late at the close.

GAINERS ARE LOSERS

Generally, the biggest gainers in Thursday's upswing were the losers today, and there seemed little discrimination about the selling.

A T & T sank 2 1/4 to 111 1/4 and then widened the loss slightly.

As trading wore into the afternoon, IBM and Xerox were off about 6, Polaroid 5, Litton Industries more than 4.

Steels, motors, utilities, rails, tobacco, drugs, chemicals and most other groups joined in the selloff to a greater or less extent.

Jones & Laughlin was down about 2. Losses of a point or more were taken by U.S. Steel, Ford, International Harvester, Zenith, Union Carbide, Lorillard, Merck and others.

Du Pont was ahead nearly a point, Texaco and United Air Lines held fractional gains.

Urge Cover Spray On Sour Cherries

A letter calling for the second cover spray in sour cherry orchards was sent to the fruitgrowers today by County Agent Frank Zettle.

The spray is designated as "very important in leaf spot control." The combination of lead arsenate, Ferbam and paste sulphur also is scheduled to prevent powdery mildew and early start of fruit rots. Zettle said that the lead arsenate will also help control cherry maggot, which he said "is not present in all orchards." The spray is to be placed 12 to 14 days after start of the first cover spray. Materials per 100 gallons include two pounds of the lead arsenate, 1 1/2 pounds of Ferbam and four pounds of the sulphur. For concentrate sprays the amounts of the materials should be tripled.

Letters To The Editor

Gettysburg, Pa.

To the Editor:

Is there ever going to be a law to try and stop barking dogs? It seems to be getting worse all the time, especially at night. When people go away, isn't it possible to put their dogs inside so the people that like to rest at home have some quiet.

A long time, Times subscriber.

Thank you.

JAMESTOWN, N.Y. (AP)—The pier ballroom in nearby Celoron, a mecca for dance enthusiasts from Western New York and near-by Pennsylvania for many years, was destroyed by fire today.

Cause of the blaze, discovered about 8:30 a.m. (EDT), was not immediately determined. The 75 by 150-foot frame pavilion, was on the edge of Chataqua Lake.

There was no damage estimate available, but a local band that played in the ballroom last night lost all its instruments and equipment, worth about \$3,000.

PHILADELPHIA (AP)—Some 20 auto insurance companies have submitted evidence to the district attorney which they say indicates they were defrauded of half a million dollars.

Insurance investigators said Thursday a ring of more than 40 persons staged fake accidents and connived with car repair shops to collect insurance from more than one company to repair the same car.

No charges have been filed.

PHILADELPHIA (AP)—The executive director of the newly organized Allied Retail Merchants Association of Pennsylvania says one of its chief aims will be the repeal of the Sunday Blue Law.

Myron Harris said Thursday the association would recommend that each county be allowed to decide by referendum whether to limit Sunday sales.

BALTIMORE (AP)—The Cumberland Construction Co. of Leomoyne, Pa., has submitted an apparent low bid of \$1,650 to repair an access road to Indian Rock Dam in Pennsylvania. The U. S. Army Corps of Engineers said Thursday there was only one other bidder on the project.

TURIN, Italy (AP)—An explosion today shattered a two-story chemical factory at Orbassano, near Turin. Police said seven persons were killed and 11 injured among the 25 employees.

The factory in the industrial town of 7,000 inhabitants 10 miles west of Turin produces chemicals for foundries.

CAIRO (AP)—An agreement for a \$20-million U.S. loan to the United Arab Republic was signed today.

The Ministry of Economy said the loan will be used to import some American commodities and will be repayable over seven years at 2 1/2 per cent interest.

FRANKLIN CO. FOLK PROTEST POTOMAC PLAN

CHAMBERSBURG, Pa. (AP)—Hundreds of Franklin County residents joined Thursday night in voicing staunch opposition to a proposed \$50 million development program along the Potomac River Basin.

Protest after protest was put on record as a stream of men and women testified before Col. Warren B. Johnson, district engineer for the Baltimore Office of the U. S. Army Corps of Engineers.

Most of the opposition centered on a proposed headwater dam at Path Valley.

380 SIGN PETITION

Robert Crouse, a banker, presented a petition from 380 residents of the Path Valley area, complaining that the dam would wreck the area's economy.

The dam, estimated to cost upwards of \$10 million, would inundate 9,000 acres of the valley, routing people from their homes and destroying \$900,000 worth of property, Crouse declared.

His arguments were backed up by Atty. Charles H. Davison, appearing as solicitor for the Western Franklin County school authority.

"LOSS OF REVENUE"

The loss of tax revenue from the Path Valley Dam "would have a very drastic effect on the ability of the school district to meet its bond payments," he testified.

Another witness was Anthony W. Smith, a Washington D.C. attorney and executive secretary of the National Parks Association, who attacked the financial aspects of the proposed project.

"LOSS OF REVENUE"

The expenditure of so much money "for oxcart methods of water management" is ridiculous, he testified.

A Lovelier You

BY MARY SUE MILLER
WANTED — PRETTY FEET.

The season of the barefoot belles approaches. Feet will be going strip swimming and wearing strip sandals. The exposure demands

more than average attractiveness. Pretty feet are the direct result of care. It begins with a weekly pedicure, expertly given. The professional method is this: 1. Remove any enamel. 2. Massage cuticles with cuticle oil. 3. Clip nails straight across, even with ends of toes, smooth with emery board.

4. Soak feet in warm, sudsy water. 5. During soak, massage "pump bumps" and other calloused spots with toilet pumice. Also pumice cuticles and areas adjacent to nails. 6. Rinse, dry and push back cuticles with towel or cotton swab. 7. Massage feet and legs with lotion. 8. Buff nails and, if desired, apply enamel — either colorless or same shade as used on fingertips.

In addition to a weekly pedicure, some special coddling may be in order. For example, when a callous has become horny, it should be pumiced daily at bath-time. Callouses also respond to after-bath applications of foot lotion, one with softening action. Such lotions improve the texture and color of the skin, too.

Containing protein, cuticle creams render the cuticles more manageable. Weak toenails firm up with the use of treatment polishes. But . . . if you wear uncomfortable shoes between barefoot speers, no amount of care can produce "see-worthy" feet.

THOMAS E. PIPER
Area Marketing Agent

June greets the foodshopper with an increasing variety and volume of fresh fruits and vegetables, peak supplies and milk and dairy products and ample supplies of meats. As harvesting gets under way in local areas, consumers enjoy the field-ripened flavor and economical prices of many produce items, reveals Tom Piper, Penn State extension marketing agent.

The asparagus season is advancing rapidly. Prices are at a seasonal low and quality quite good. Those who freeze a supply for later use should order soon since quality is much higher than

Maurice K. Goddard, state secretary of forests and waters.

Goddard spoke on the benefits reaped from other similar projects from a recreational standpoint.

Johnson said the major purposes of the project are to provide water supply, water quality control, flood control and recreation facilities along the entire length of the watershed from Pennsylvania to Washington, D.C.

TARGET DATE 2010

The target date for completion of the program is 2010. The plans consist of 16 major reservoirs and 416 headwater reservoirs. Four of the major impounding reservoirs will be located in Pennsylvania, all of them wholly or partially in Franklin County. Total cost of the four dams is estimated to be built in 1965.

Johnson said the first dam, scheduled to be built in 1963 on the Conococheague Creek in Franklin County, would cost approximately \$12.5 million.

Testimony from Thursday night's hearing will be presented to the North Atlantic Division Office of the Army Corps of Engineers for further study. Similar hearings will be scheduled at a later date in other areas, Johnson said.

LUCILLE BALL COMING BACK IN TV COMEDY

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Television, through all its short existence, has been feared for its ability to consume talent. The viewing public is feared for its fickle tastes. It finds a performer, can't get enough of him for a time—and suddenly turns stonily away.

Next season, a number of favorites will be attempting returns to favor and one of the most interesting spectator sports of the fall will be watching the way they make out.

Lucille Ball will be back after a long absence with a new situation comedy. Jackie Gleason comes in with a new series of Saturday night variety hours. Sid Caesar has been signed for a series of shows. Roy Rogers and Dale Evans will try their luck with weekly variety. Jack Paar will be transformed from a late night phenomenon into a weekly variety show host.

BIG SWORD HOVERS

A big sword will hover over all of them. Will they make it back to success?

In the case of Lucille Ball, the chances look good—if she returns in a funny, bright show. Her old "I Love Lucy" series was still an extremely popular program and Lucy herself was a hot theatrical property. Besides, she and Desi Arnaz decided to terminate the series. They weren't lodged by small audiences.

Jackie Gleason's chances are more debatable. His old variety hour turned into "The Honey-mooners" series when the audience of several seasons ago was growing chilly. Then he tried an unsuccessful comeback. This failed. Finally, this season, he was a party to a short-lived little disaster that started as a game-show and wound up as a conversation hour.

WISE SCHEDULING

Sid Caesar was the nation's toast in the old "Your Show of Shows" days with Imogene Coca. Attempts to revive this show failed, and nothing much has happened to Caesar over the recent years.

Jack Paar quit when he was still far ahead, but there's a question, of course, whether the public will still embrace him when he returns with an entirely different type of program.

WEEKEND MENU

ABC, rather wisely, has scheduled Roy and Dale's musical program at an early hour Saturday night—after all, they always had a big audience of children for their horse opera.

The list of entertainers who have had a hard time finding the right road back is long, and starts

expected to place late week emphasis on economy cut chuck roasts, round steak, ground beef, ham, pork chops and bacon. Broiler-fryers remain the best buy in poultry, although frozen turkeys remain plentiful and at low prices. Eggs continue at seasonally low prices.

For the 26th year, June is being observed as Dairy Month. Stocks of milk and dairy products are the largest in five years with production in 1962 likely to be around two billion pounds over 1961. Retail prices of a number of dairy products are expected to be lower in June than a year earlier.

FRANKLIN CO. FOLK PROTEST POTOMAC PLAN

CHAMBERSBURG, Pa. (AP)—Hundreds of Franklin County residents joined Thursday night in voicing staunch opposition to a proposed \$500 million development program along the Potomac River Basin.

Protest after protest was put on record as a stream of men and women testified before Col. Warren B. Johnson, district engineer for the Baltimore Office of the U. S. Army Corps of Engineers.

Most of the opposition centered on a proposed headwater dam at Path Valley.

380 SIGN PETITION

Robert Crouse, a banker, presented a petition from 380 residents of the Path Valley area, complaining that the dam would wreck the area's economy.

The dam, estimated to cost upwards of \$10 million, would inundate 9,000 acres of the valley, routing people from their homes and destroying \$900,000 worth of property, Crouse declared.

His arguments were backed up by Atty. Charles H. Davison, appearing as solicitor for the Western Franklin County school authority.

"LOSS OF REVENUE"

The loss of tax revenue from the Path Valley Dam "would have a very drastic effect on the ability of the school district to meet its bond payments," he testified.

Another witness was Anthony W. Smith, a Washington D.C. attorney and executive secretary of the National Parks Association, who attacked the financial aspects of the proposed project.

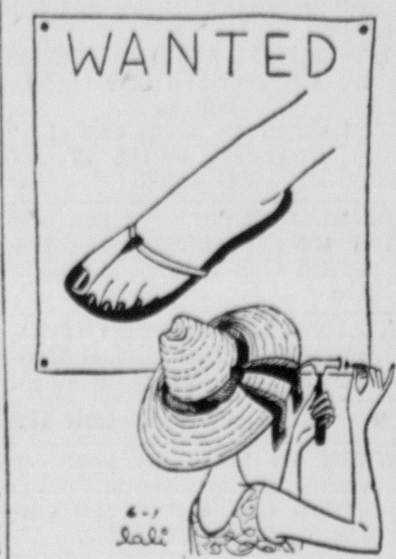

The expenditure of so much money "for oxcart methods of water management" is ridiculous, he testified.

A Lovelier You

BY MARY SUE MILLER
WANTED — PRETTY FEET.

The season of the barefoot belles approaches. Feet will be going swimming and wearing strip sandals. The exposure demands

more than average attractiveness.

Pretty feet are the direct result of care. It begins with a weekly pedicure, expertly given. The professional method is this: 1. Remove any enamel. 2. Massage cuticles with cuticle oil. 3. Clip nails straight across, even with ends of toes, smooth with emery board.

4. Soak feet in warm, sudsy water. 5. During soak, massage "pump bumps" and other calloused spots with toilet pumice. Also pumice cuticles and areas adjacent to nails. 6. Rinse, dry and push back cuticles with towel or cotton swab. 7. Massage feet and legs with lotion. 8. Buff nails and, if desired, apply enamel — either colorless or same shade as used on fingertips.

In addition to a weekly pedicure, some special coddling may be in order. For example, when a callous has become horny, it should be pumiced daily at bath-time. Callouses also respond to after-bath applications of foot lotion, one with softening action. Such lotions improve the texture and color of the skin, too.

Containing protein, cuticle creams render the cuticles more manageable. Weak toenails firm up with the use of treatment polishes. But... if you wear uncomfortable shoes between barefoot speers, no amount of care can produce "see-worthy" feet.

THOMAS E. PIPER
Area Marketing Agent

June greets the foodshopper with an increasing variety and volume of fresh fruits and vegetables, peak supplies and milk and dairy products and ample supplies of meats. As harvesting gets under way in local areas, consumers enjoy the field-ripened flavor and economical prices of many produce items, reveals Tom Piper, Penn State extension marketing agent.

The asparagus season is advancing rapidly. Prices are at a seasonal low and quality quite good. Those who freeze a supply for later use should order soon since quality is much higher than

Maurice K. Goddard, state secretary of forests and waters.

Goddard spoke on the benefits reaped from other similar projects from a recreational standpoint.

Johnson said the major purposes of the project are to provide water supply, water quality control, flood control and recreation facilities along the entire length of the watershed from Pennsylvania to Washington, D.C.

TARGET DATE 2010

The target date for completion of the program is 2010. The plans consist of 16 major reservoirs and 416 headwater reservoirs. Four of the major impounding reservoirs will be located in Pennsylvania, all of them wholly or partially in Franklin County. Total cost of the four dams is estimated to be built in 1965.

Johnson said the first dam, scheduled to be built in 1965 on the Conococheague Creek in Franklin County, would cost approximately \$12.5 million.

Testimony from Thursday night's hearing will be presented to the North Atlantic Division Office of the Army Corps of Engineers for further study. Similar hearings will be scheduled at a later date in other areas, Johnson said.

it will be at the close of the season. Harvesting of the local strawberry crop is under way too. Prices are reasonable and quality improved as a result of recent rains.

Vegetable supplies are still relatively light for so late in the season. This situation is a result of the numerous frosts, some reduction in acreage and, more recently, dry weather over a large part of the country. Snap beans, broccoli, sweet corn, romaine and big Boston type lettuce, large size sweet onions, radishes, spinach, squash, new potatoes and leafy greens provide most economy at this time.

DEPENDS ON RAIN

The amount of rainfall in the next few weeks will greatly influence the size and quality of our strawberry crop. Bananas are trying to compete with this fresh commodity by adjusting prices downward. Oranges and grapefruit remain on the list of good buys. Early-crop peaches are arriving from the southern states but production will be less than a year ago.

LUCILLE BALL COMING BACK IN TV COMEDY

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Television, through all its short existence, has been feared for its ability to consume talent. The viewing public is feared for its fickle tastes. It finds a performer, can't get enough of him for a time—and suddenly turns stonily away.

Next season, a number of favorites will be attempting returns to favor and one of the most interesting spectator sports of the fall will be watching the way they make out.

Lucille Ball will be back after a long absence with a new situation comedy, Jackie Gleason comes in with a new series of Saturday night variety hours. Sid Caesar has been signed for a series of shows. Roy Rogers and Dale Evans will try their luck with weekly variety. Jack Paar will be transformed from a late night phenomenon into a weekly variety show host.

BIG SWORD HOVERS

A big sword will hover over all of them. Will they make it back to success?

In the case of Lucille Ball, the chances look good—if she returns in a funny, bright show. Her old "I Love Lucy" series was still an extremely popular program and Lucy herself was a hot theatrical property. Besides, she and Desi Arnaz decided to terminate the series. They weren't dislodged by small audiences.

Jackie Gleason's chances are more debatable. His old variety hour turned into "The Honey-mooners" series when the audience of several seasons ago was growing chilly. Then he tried an unsuccessful comeback. This failed. Finally, this season, he was a party to a short-lived little disaster that started as a game-show and wound up as a conversation hour.

WISE SCHEDULE

Sid Caesar was the nation's toast in the old "Your Show of Shows" days with Imogene Coca. Attempts to revive this show failed, and nothing much has happened to Caesar over the recent years.

Jack Paar quit when he was still far ahead, but there's a question, of course, whether the public will still embrace him when he returns with an entirely different type of program.

WEEKEND MENU

ABC, rather wisely, has scheduled Roy and Dale's musical program at an early hour Saturday night—after all, they always had a big audience of children for their horse opera.

The list of entertainers who have had a hard time finding the right road back is long, and starts

expected to place late week emphasis on economy cut chuck roasts, round steak, ground beef, ham, pork chops and bacon. Broiler-fryers remain the best buy in poultry, although frozen turkeys remain plentiful and at low prices. Eggs continue at seasonally low prices.

For the 26th year, June is being observed as Dairy Month. Stocks of milk and dairy products are the largest in five years with production in 1962 likely to be around two billion pounds over 1961. Retail prices of a number of dairy products are expected to be lower in June than a year earlier.

SCULPTOR IS FASHIONING NEW GRAIL

CHARLOTTESVILLE, Va. (AP)—Sculptor Oskar J. W. Hansen is fashioning what he hopes will become a second Holy Grail. He wants nations to compete for the prize in the name of peace.

It is to be a communion chalice of gold and precious jewels which he plans to give to the world to promote peace.

Hansen, a native of Norway, has completed the focal heart of the chalice, an image of God carved in a 507½-carat piece of rose-colored beryl—a stone as big as a golf ball.

A New York mineralogist and gem broker has appraised the carved gem at \$100,000, Hansen reported.

AT EYE LEVEL

Hansen said that to his knowledge no one else has ever portrayed the Deity in a jewel. He added that he did not think the Deity had been portrayed directly since Michelangelo painted his creation scenes in the ceiling of Rome's Sistine Chapel.

The jewel will be the node of the chalice, he said, placed low on the stem just above the base. When a communicant bows his head to take the sacrament his eyes will meet the image.

Since 1942 Hansen, now 69, has worked in a studio in his home on Pantops Mountain east of here.

The best known of his works include the massive Winged Figures of the Republic at Boulder Dam and the 13-foot figure of Liberty atop the Yorktown Victory Monument.

TWO YEARS MORE

Hansen estimates that the chalice will take two or three years to complete. He will not bind him-

Hoover Warning On Summer Crime

WASHINGTON (AP)—FBI Director J. Edgar Hoover warned Thursday the approaching vacation season is expected to bring an increase in sexual assaults and murders.

"According to established seasonal trends forcible rape will rise approximately 16 per cent above its annual average during the next several weeks," Hoover said in his monthly message to law enforcement officials.

He said murder and aggravated assault are expected to climb 12 per cent each and a similar increase is expected in attacks on children.

He said parents should warn children to avoid secluded spots, refuse rides and reject gifts from strangers.

Carpenter Film Will Be Usable

ROCHESTER, N.Y. (AP)—Prints which are usable for scientific study have been made by Eastman Kodak Co. from water-damaged movie film taken of Navy Lt. Cmdr. Malcolm Scott Carpenter during his three-orbit flight on May 24.

Kodak said Thursday that while new prints of the damaged film are not good enough for publication, they are "adequate for engineering evaluations."

Tom Timmerman, who had a chance with Detroit's Tigers this spring, compiled a 2.73 earned run record with Duluth last season. He won 15, lost 6.

SCULPTOR IS FASHIONING NEW GRAIL

CHARLOTTESVILLE, Va. (AP)—Sculptor Oskar J. W. Hansen is fashioning what he hopes will become a second Holy Grail. He wants nations to compete for the prize in the name of peace.

It is to be a communion chalice of gold and precious jewels which he plans to give to the world to promote peace.

Hansen, a native of Norway, has completed the focal heart of the chalice, an image of God carved in a 507½-carat piece of rose-colored beryl—a stone as big as a golf ball.

A New York mineralogist and gem broker has appraised the carved gem at \$100,000, Hansen reported.

AT EYE LEVEL

Hansen said that to his knowledge no one else has ever portrayed the Deity in a jewel. He added that he did not think the Deity had been portrayed directly since Michelangelo painted his creation scenes in the ceiling of Rome's Sistine Chapel.

The jewel will be the node of the chalice, he said, placed low on the stem just above the base. When a communicant bows his head to take the sacrament his eyes will meet the image.

Since 1942 Hansen, now 69, has worked in a studio in his home on Pantops Mountain east of here.

The best known of his works include the massive Winged Figures of the Republic at Boulder Dam and the 13-foot figure of Liberty atop the Yorktown Victory Monument.

TWO YEARS MORE

Hansen estimates that the chalice will take two or three years to complete. He will not bind himself to a date because it must be done between other sculpturing work.

Hoover Warning On Summer Crime

WASHINGTON (AP)—FBI Director J. Edgar Hoover warned Thursday the approaching vacation season is expected to bring an increase in sexual assaults and murders.

"According to established seasonal trends, forcible rape will rise approximately 16 per cent above its annual average during the next several weeks," Hoover said in his monthly message to law enforcement officials.

He said murder and aggravated assault are expected to climb 12 per cent each and a similar increase is expected in attacks on children.

He said parents should warn children to avoid secluded spots, refuse rides and reject gifts from strangers.

FRANKLIN CO. FOLK PROTEST POTOMAC PLAN

CHAMBERSBURG, Pa. (AP)—Hundreds of Franklin County residents joined Thursday night in voicing staunch opposition to a proposed \$500 million development program along the Potomac River Basin.

Protest after protest was put on record as a stream of men and women testified before Col. Warren B. Johnson, district engineer for the Baltimore Office of the U. S. Army Corps of Engineers.

Most of the opposition centered on a proposed headwater dam at Path Valley.

380 SIGN PETITION
Robert Crouse, a banker, presented a petition from 380 residents of the Path Valley area, complaining that the dam would wreck the area's economy.

The dam, estimated to cost upwards of \$10 million, would inundate 9,000 acres of the valley, routing people from their homes and destroying \$900,000 worth of property, Crouse declared.

His arguments were backed up by Atty. Charles H. Davidson, appearing as solicitor for the Western Franklin County school authority.

"LOSS OF REVENUE"
The loss of tax revenue from the Path Valley Dam "would have a very drastic effect on the ability of the school district to meet its bond payments," he testified.

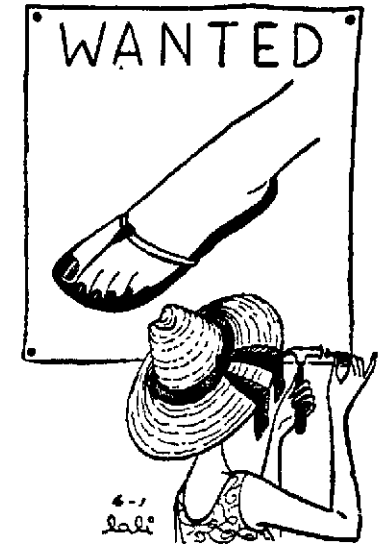

Another witness was Anthony W. Smith, a Washington D.C. attorney and executive secretary of the National Parks Association, who attacked the financial aspects of the proposed project.

The expenditure of so much money "for outcast methods of water management" is ridiculous, he testified.

Smith, who owns a large dairy

A Lovelier You

WANTED - PRETTY FEET.
The season of the barefoot belles approaches. Feet will be going to the beach and wearing strip sandals. The exposure demands

more than average attractiveness. Pretty feet are the direct result of care. It begins with a weekly pedicure, expertly given. The professional method is this: 1. Remove any enamel. 2. Massage cuticles with cuticle oil. 3. Clip nails straight across, even with ends of toes, smooth with emery board.

4. Soak feet in warm, sudsy water. 5. During soak, massage "pump bumps" and other calloused spots with toilet pumice. Also pumice cuticles and areas adjacent to nails. 6. Rinse, dry and push back cuticles with towel or cotton swab. 7. Massage feet and legs with lotion. 8. Buff nails and, if desired, apply enamel - either colorless or same shade as used on fingertips.

In addition to a weekly pedicure, some special coddling may be in order. For example, when a callous has become horny, it should be pumiced daily at bath-time. Callouses also respond to after-bath applications of foot lotion, one with softening action. Such lotions improve the texture and color of the skin, too.

Containing protein, cuticle creams render the cuticles more manageable. Weak toenails firm up with the use of treatment polishes. But... if you wear uncomfortable shoes between barefoot sprees, no amount of care can produce "see-worthy" feet.

THOMAS E. PIPER
Area Marketing Agent

June greets the foodshopper with an increasing variety and volume of fresh fruits and vegetables, peak supplies and milk and dairy products and ample supplies of meats. As harvesting gets under way in local areas, consumers enjoy the field ripened flavor and economical prices of many produce items, reveals Tom Piper, Penn State extension marketing agent.

The asparagus season is advancing rapidly. Prices are at a seasonal low and quality quite good. Those who freeze a supply for later use should order soon since quality is much higher than

Maurice K. Goddard, state secretary of forests and waters. Goddard spoke on the benefits reaped from other similar projects from a recreational standpoint.

Johnson said the major purposes of the project are to provide water supply, water quality control, flood control and recreation facilities along the entire length of the watershed from Pennsylvania to Washington, D.C.

TARGET DATE 2010
The target date for completion of the program is 2010. The plans consist of 16 major reservoirs and 416 headwater reservoirs. Four of the major impounding reservoirs will be located in Pennsylvania, all of them wholly or partially in Franklin County. Total cost of the four dams is estimated to be built in 1965.

Johnson said the first dam, scheduled to be built in 1965 on the Conococheague Creek in Franklin County, would cost approximately \$12.5 million.

Testimony from Thursday night's hearing will be presented to the North Atlantic Division Office of the Army Corps of Engineers for further study. Similar hearings will be scheduled at a later date in other areas, Johnson said.

it will be at the close of the season. Harvesting of the local strawberry crop is under way too. Prices are reasonable and quality improved as a result of recent rains.

Vegetable supplies are still relatively tight for so late in the season. This situation is a result of the numerous frosts, some reduction in acreage and, more recently, dry weather over a large part of the country. Snap beans, broccoli, sweet corn, romaine and big Boston type lettuce, large size sweet onions, radishes, spinach, squash, new potatoes and leafy greens provide most economy at this time.

DEPENDS ON RAIN
The amount of rainfall in the next few weeks will greatly influence the size and quality of our strawberry crop. Bananas are trying to compete with this fresh commodity by adjusting prices downward. Oranges and grapefruit remain on the list of good buys. Early-crop peaches are arriving from the southern states but production will be less than a year ago.

LUCILLE BALL COMING BACK IN TV COMEDY

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Television, through all its short existence, has been feared for its ability to consume talent. The viewing public is feared for its fickle tastes. It finds a performer, can't get enough of him for a time—and suddenly turns stonily away.

Next season, a number of favorites will be attempting returns to favor and one of the most interesting spectator sports of the fall will be watching the way they make out.

Lucille Ball will be back after a long absence with a new situation comedy. Jackie Gleason comes in with a new series of Saturday night variety hours. Sid Caesar has been signed for a series of shows. Roy Rogers and Dale Evans will try their luck with weekly variety. Jack Paar will be transformed from a late night phenomenon into a weekly variety show host.

BIG SWORD HOVERS
A big sword will hover over all of them. Will they make it back to success?

In the case of Lucille Ball, the chances look good—if she returns in a funny, bright show. Her old "I Love Lucy" series was still an extremely popular program and Lucy herself was a hot theatrical property. Besides, she and Desi Arnaz decided to terminate the series. They weren't dislodged by small audiences.

Jacki Gleason's chances are more debatable. His old variety hour turned into "The Honey-mooners" series when the audience of several seasons ago was growing chilly. Then he tried an unsuccessful comeback. This failed. Finally, this season, he was a party to a short-lived little disaster that started as a game-show and wound up as a conversation hour.

WISE SCHEDULING
Sid Caesar was the nation's toast in the old "You Show of Shows" days with Imogene Coca. Attempts to revive this show failed, and nothing much has happened to Caesar over the recent years.

Jack Paar quit when he was still far ahead, but there's a question, of course, whether the public will still embrace him when he returns with an entirely different type of program.

WEEKEND MENU
ABC, rather wisely, has scheduled Roy and Dale's musical program at an early hour Saturday night—after all, they always had a big audience of children for their horse opera.

The list of entertainers who have had a hard time finding the right road back is long, and starts

expected to place late week emphasis on economy chuck roasts, round steak, ground beef, ham, pork chops and bacon. Broiler-fryers remain the best buy in poultry, although frozen turkeys remain plentiful and at low prices. Eggs continue at seasonally low prices.

For the 26th year, June is being observed as Dairy Month. Stocks of milk and dairy products are the largest in five years with production in 1962 likely to be around two billion pounds over 1961. Retail prices of a number of dairy products are expected to be lower in June than a year earlier.

ART MAHAFFEY CONFIDENT HE IS WINNER NOW

By GEORGE ESPER
PHILADELPHIA (AP)—June's bustin' out all over and so is young Art Mahaffey—with confidence.
"The way things are going now I think I'll win a lot of games," said the Philadelphia Phillies right-hander after beating the National League leading San

Francisco Giants 2-1 Thursday night on a six-hitter. He worked the last two innings with a bruised left ankle.
Mahaffey won his first two games this year, then dropped five in a row, two of them by one run. But now the fast-baller has come back strong, winning three out of his last four to make his record 5-6.
"I'M GOING GOOD"
"The last two games I haven't put four pitches over the plate, I'm just hitting the corners like I want to with good stuff," he explained. "I'm going good now, throwing good. Everything's right where I want it."

INCOME TAX CUT IS URGED BY HUMPHREY

By JOE HALL
WASHINGTON (AP)—Sen. Hubert H. Humphrey, D-Minn., today urged a cut in individual and corporate income taxes "to strengthen the economy" and the stock market.

"It will take more than expressions of friendship and cooperation from the White House and other areas of government to strengthen the market," Humphrey said in a statement.

"What is needed is action," he said. "Delay by Congress or the administration will bring further economic trouble."

WANTS INVESTIGATION

The assistant Senate Democratic leader, who talked Thursday in New York with stock exchange officials and other financial leaders, proposed cuts of 2 to 4 per cent in corporation levies and 2 per cent in personal taxes.

Meanwhile, the recent gyrations of the stock market prompted Rep. Wright Patman, chairman of the Senate-House Economic Committee, to ask Congress to approve a \$750,000 investigation of the market by the House Banking and Currency Committee.

Secretary of the Treasury Douglas Dillon told the House Ways and Means Committee Thursday the administration was not supporting any immediate income tax cut.

The Treasury has said, however, that such cuts probably will be proposed next year as a part of a tax overhaul measure which will include some provisions to increase revenues in other ways.

GIRLS PREFER BOYFRIENDS

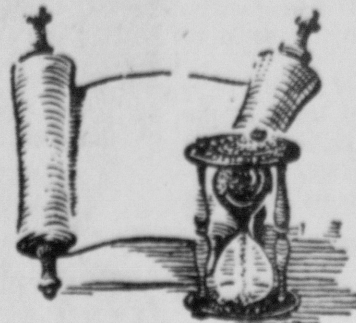

Girls Christmas spending: Teen-age girls buy their most expensive Christmas presents for their boyfriends, averaging \$10.11 for this gift. Mother's gift averages \$9.94; Father's \$7.92. Mothers get perfumes, cosmetics, lingerie; Fathers and boyfriends get wearing apparel; some boys get jewelry or the girl's own photograph.

Orlando Cepeda's triple and Felipe Alou's single. Pinchhitter Ed Bailey walked after two were out, putting runners on first and second but Mahaffey got Tom Haller to fly out to left to end the game.

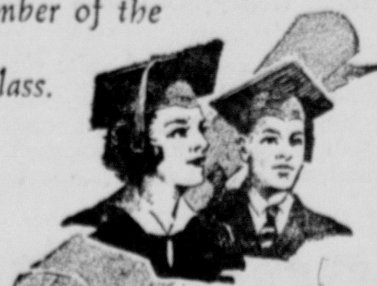

The Phillies got both their runs in the first off O'Dell (5-3) who now is 0-3 career-wise against Philadelphia. Back-to-back doubles by Tony Taylor and Johnny Callison scored one run and an infield single by Tony Gonzales and an error by Cepeda accounted for the second run.

SCULPTOR IS FASHIONING NEW GRAIL

CHARLOTTESVILLE, Va. (AP) — Sculptor Oskar J. W. Hansen is fashioning what he hopes will become a second Holy Grail. He wants nations to compete for the prize in the name of peace.

It is to be a communion chalice of gold and precious jewels which he plans to give to the world to promote peace.

Hansen, a native of Norway, has completed the focal heart of the chalice, an image of God carved in a 507½-carat piece of rose-colored beryl—a stone as big as a golf ball.

A New York mineralogist and gem broker has appraised the carved gem at \$100,000, Hansen reported.

AT EYE LEVEL

Hansen said that to his knowledge no one else has ever portrayed the Deity in a jewel. He added that he did not think the Deity had been portrayed directly since Michelangelo painted his creation scenes in the ceiling of Rome's Sistine Chapel.

The jewel will be the node of the chalice, he said, placed low on the stem just above the base. When a communicant bows his head to take the sacrament his eyes will meet the image.

Since 1942 Hansen, now 69, has worked in a studio in his home on Pantops Mountain east of here.

The best known of his works include the massive Winged Figures of the Republic at Boulder Dam and the 13-foot figure of Liberty atop the Yorktown Victory Monument.

TWO YEARS MORE

Hansen estimates that the chalice will take two or three years to complete. He will not bind him-

Hoover Warning On Summer Crime

WASHINGTON (AP)—FBI Director J. Edgar Hoover warned Thursday the approaching vacation season is expected to bring an increase in sexual assaults and murders.

"According to established seasonal trends forcible rape will rise approximately 16 per cent above its annual average during the next several weeks," Hoover said in his monthly message to law enforcement officials.

He said murder and aggravated assault are expected to climb 12 per cent each and a similar increase is expected in attacks on children.

He said parents should warn children to avoid secluded spots, refuse rides and reject gifts from strangers.

Carpenter Film Will Be Usable

ROCHESTER, N.Y. (AP) — Prints which are usable for scientific study have been made by Eastman Kodak Co. from water-damaged movie film taken of Navy Lt. Cmdr. Malcolm Scott Carpenter during his three-orbit flight on May 24.

Kodak said Thursday that while new prints of the damaged film are not good enough for publication, they are "adequate for engineering evaluations."

Tom Timmerman, who had a chance with Detroit's Tigers this spring, compiled a 2.73 earned run record with Duluth last season. He won 15, lost 6.

Holiday Accident Toll Up To 107

CHICAGO (AP) — Traffic accidents killed 107 persons during Memorial Day, two under the record toll for the one-day holiday period in 1956.

A record over-all toll of 201 violent deaths was recorded during the 30-hour holiday period. In addition to the traffic fatalities, 9 persons lost their lives in boating accidents, 38 drowned and 47 were killed in miscellaneous mishaps. The total topped the previous record of 174 set in 1956.

47 SHELLS ON QUEMOY

TAIPEI, Formosa (AP) — The Chinese Communists fired 47 shells at the Quemoy Islands Thursday in the first attack in four days. The defense ministry in Taipei said the light barrage began at 7:15 p.m. and continued an hour and 40 minutes.

RESCUE TWO
BOYS FROM
CLIFF SIDE

PITTSBURGH (AP)—Two 12-year-old boys tried to take a short-cut home Thursday and found themselves stranded, 100 feet up, on the side of a sheer cliff.

The boys, George Sopko and Jerry Gallagher, were rescued by policemen, firemen and news photographers—on the second try, after the police almost left them stranded by accident.

The two boys had started down the cliffside in Pittsburgh's Mount Washington section. When they could go no farther, they cried for help, and the owner of a nearby metal shop called police.

Patrolmen rushed to the scene, found two youngsters wandering around, sent them home, and returned to their station. However these boys were not Sopko and Gallagher.

Then another call came in and police returned.

News photographers and reporters who had also rushed to the scene had spotted Sopko and Gallagher, one clinging to a tree and the other holding onto a rocky ledge.

Photographer Don Binyke of the Pittsburgh Post-Gazette, movie photographer Charles Boyle

of KDKA-TV, and two policemen climbed down the cliff to within 15 feet of the boys.

Then Patrolman John Sommerer and fireman Norman Parker made their way to the boys.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Trouble goes double, up is down, and opposites look alike at a dizzy time in a dizzy world where you meet yourself coming back.

Moscow took a gleeful look at the downspin of the New York

stock market and announced the sharks were swallowing the sardines. But Red China was having the worst economic trouble in the history of communism.

It was in trouble with food, factories and fugitives. And Republicans who complained President Kennedy was throwing his weight around too much were talking of wanting him to do something about the stock market.

RUSS TROUBLES TOO

Billie Sol Estes, the big wheeler and dealer from Texas, got his hands so tangled in Agriculture Department business that Secretary Orville Freeman said

Wednesday he is reviewing everything "upside and down."

But Russia was having trouble with some of its manipulators, too. In Moscow three apple operators were sentenced to death for double-dealing with middlemen.

In his speech on behalf of medical care for the aged Kennedy asked people to write to Washington, apparently thinking the tide would wash his way.

LESS ABOUT LETTERS

But he hasn't said much since about the letters he got and there's some indication the letter-writers are not all on his side at all.

The Western allies are pulling, hauling, hemming, hawing and dickering to get their Common Market set up for better trading. But Premier Khrushchev is screaming it's all a plot to hurt communism.

American aid in Viet Nam seems to be stopping the pro-Communist guerrillas but right next door in Laos the pro-Communist guerrillas seem to be pushing right along and may swallow the country.

In Geneva the Russians one day agreed that a declaration condemning war propaganda was a very fine thing, and badly needed. Five days later they did a switch-around and backed out.

BEER AND CHEER

The Red Chinese let refugees from their present chaos flood into nearby Hong Kong by the thousands, almost as if they didn't know about it. Then suddenly they closed the frontier and stopped the flood.

Wednesday Khrushchev, on his way to hear Benny Goodman's jazz band in Moscow, said he wasn't on his way to listen but just on his way to drink some beer. Instead of beer he sent Goodman a note of cheer.

And the French, those unpredictable of the 20th Century, did something that even shocked themselves.

Their high military tribunal let Gen. Raoul Salan, leader of the Secret Army murderers in Algeria, off with a life sentence but sentenced to death his next-in-command, Gen. Edmond Jouhaud.

BERLIN TALKS FUTILE AFTER NINE MONTHS

By JOHN M. HIGHTOWER

WASHINGTON (AP) — After nine months of exploratory talks, the United States and the Soviet Union disagree completely on how to tackle the problems of negotiating a Berlin settlement.

U.S. officials are becoming discouraged about breaking the deadlock, but intend to go on trying for a while.

Secretary of State Dean Rusk held a lengthy meeting Wednesday with Soviet Ambassador Anatoly Dobrynin but failed again to get Moscow to work out a Berlin access agreement without demanding withdrawal of Western forces from Berlin at the same time.

13-NATION RULE

The East-West dispute presently overshadows very serious differences among the Western allies as to what should be negotiated with the Soviets, if negotiations ever become possible.

The United States favors a 13-nation authority to control access routes to West Berlin. West Germany is opposed.

A compromise seems likely, and Rusk is due to meet with West German Ambassador Wilhelm Grewe in a day or so to talk about resolving the differences. But, unless the prospect of serious negotiations with the Soviet Union opens up, the prospective U.S.-German agreement will contribute nothing toward a Berlin settlement. However it may contribute substantially toward an improvement in relations between the Kennedy administration and German Chancellor Konrad Adenauer.

LIMITED IN TALKS

Rusk's meeting with Dobrynin illustrated the limitation which disputes in the Western camp impose on the probing. Rusk was able to talk about access only in very general terms, associates said, because he felt he had to keep the Berlin discussion within

the limits of agreed Western policy.

This presents no serious problem, so long as the Soviet position is unchanging. It would present a very grave problem for the Kennedy administration if the Soviet position should become more flexible and the possibility of detailed exchanges on the access issue opened up.

Rusk and Dobrynin met for an hour and 45 minutes and the State Department, acknowledging lack of any progress, said "the discussions reflected the well-known positions of each side." Officials privately confirmed that this meant that Dobrynin reaffirmed the Soviet demand that the Western powers get their troops out of Berlin and give the city of West Berlin a new status, more to Soviet liking.

The access issue, according to Dobrynin, could only be settled as part of a package deal providing for a new free city.

Dean Chace, Wooster, Ohio hurler with the Los Angeles Angels, won 51 out of 52 games in high school.

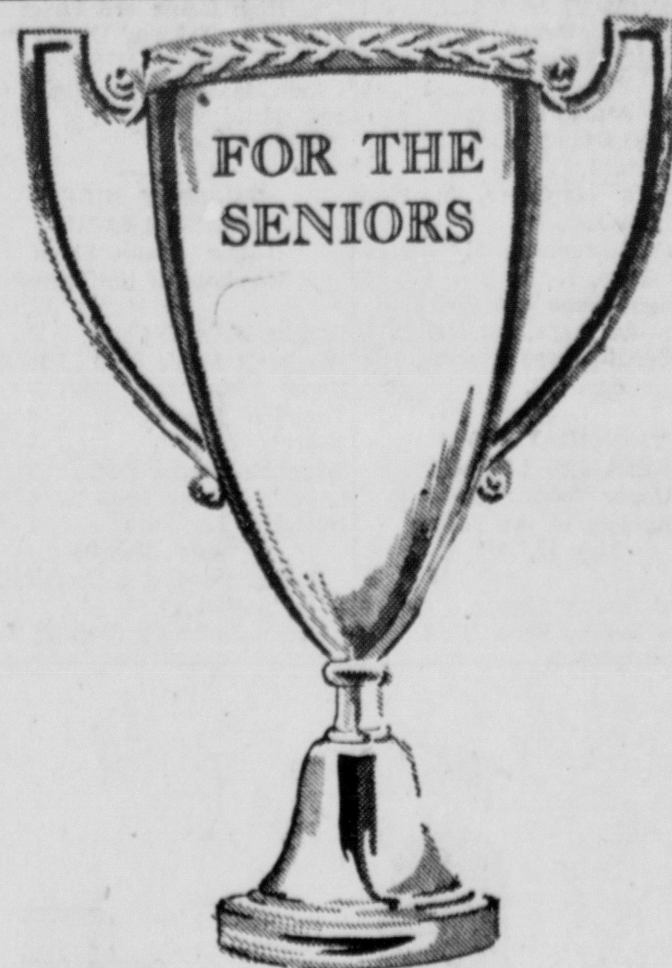

RADIATION ARK-MOBILE

According to Wall Street Journal, Radiation Ark-Mobile is a new entry in shelter sweepstakes. The 12 ft. aluminum cylinder will sell for less than \$3,000 installed underground. In happier times, it can be hauled out and used as a mobile trailer or houseboat.

CONSTRUCTION OFF

HARRISBURG (AP)—The state Labor and Industry department reports a 7 per cent drop in building construction in Pennsylvania between March and April.
Department aides said Thursday building construction in April totaled \$96,778,000 — \$7,265,000 less than that of March. The April total was 14.1 per cent higher than a year ago.

RESCUE TWO
BOYS FROM
CLIFF SIDE

PITTSBURGH (AP)—Two 12-year-old boys tried to take a short-cut home Thursday and found themselves stranded, 100 feet up, on the side of a sheer cliff.

The boys, George Sopko and Jerry Gallagher, were rescued by policemen, firemen and news photographers on the second try, after the police almost left them stranded by accident.

The two boys had started down the cliffside in Pittsburgh's Mount Washington section. When they could go no farther, they cried for help, and the owner of a nearby metal shop called police.

Patrolmen rushed to the scene, found two youngsters wandering around, sent them home, and returned to their station. However these boys were not Sopko and Gallagher.

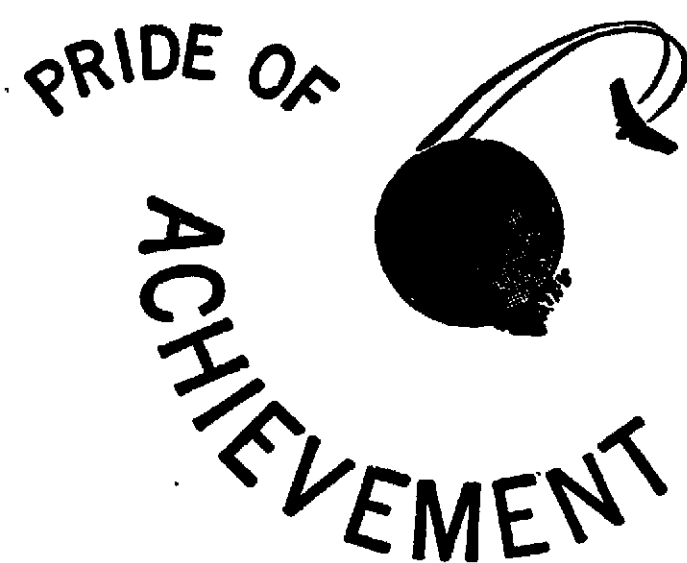

Then another call came in and police returned.

News photographers and reporters who had also rushed to the scene had spotted Sopko and Gallagher, one clinging to a tree and the other holding onto a rocky ledge.

Photographer Don Binky of the Pittsburgh Post-Gazette, movie photographer Charles Boyle

of KDKA-TV, and two policemen climbed down the cliff to within 15 feet of the boys.

Then Patrolman John Sommerer and fireman Norman Parker made their way to the boys.

TEEN-AGERS CHARGED IN FATAL CRASH

PHILADELPHIA (AP) — Two boys and a teen-age girl have been charged with offenses in connection with an auto crash Tuesday night that killed another teen-age girl and injured her young escort.

Police said charges were filed Wednesday while the three, themselves injured in the crash, remained hospitalized under guard.

They are Michael Milligan, 15, identified by police as the driver, Nicholas Franks, 17, and Rita DeAnne, 14.

Milligan and Franks were charged with homicide by auto, larceny, receiving stolen goods and conspiracy. The girl was charged with larceny of an auto and being an incorrigible runaway.

Franks was in critical condition, Milligan and the DeAnne girl satisfactory.

Police said the three were riding in a stolen car when it rammed another auto at a city intersection. Linda Santini, 15, a passenger in the other car, was killed. Her escort, Joseph Barretta, 16, was admitted to a hospital with head injuries.

OHIO YOUTH IS NABBED BY REDS

AKRON, Pa. (AP) — A spokesman for the Mennonite Central Committee, a Christian relief agency operating settlements in 30 countries, said today one of three American missionaries kidnapped Wednesday night by Communist guerrillas in South Viet Nam is a member of his group.

He identified him as Daniel Gerber, 21, of Dalton, Ohio, the son of a farmer.

Gerber, a volunteer who gets no pay for his duties, was assigned by the Mennonite group to the Christian and Missionary Alliance a year ago for a three-year assignment.

The Mennonite Committee spokesman said Gerber's duties were primarily maintenance. He repaired buildings and operated a diesel engine that supplied power to the leper colony in a remote region of the Asian nation, about 150 miles northeast of Saigon.

The U. S. Embassy said Gerber and two other Americans at the colony were seized by the Viet Cong, who stole food and medical supplies during the attack.

Three double eagles (three under par) were scored in PGA tournament in 1961. Gene Cochran got one at Phoenix, Paul McGuire shot one at Tucson and Dick Stranahan scored one at Portland, Ore.

FAMED ARTIST IS DEAD AT 78

MONTEREY, Calif. (AP) — Abel George Warshawsky, a famed international artist, died at his home here Wednesday night of a heart attack. He was 78.

His paintings hang in art galleries in Europe and the United States.

Warshawsky, a native of Sharon, Pa., was educated at the Cleveland School of Art in Ohio and the National Academy of Design in Paris.

A veteran of World War I, Warshawsky was decorated by France in 1933 with the Chevalier Legion of Honor. He was also a member of the Academy of Jewish Arts and Sciences.

His work was exhibited at the Carnegie Institution and Corcoran Galleries, Washington, D.C., the National Academy of Design, New York, and in other galleries in Paris, Minneapolis, Cleveland, Toledo, Ohio, Los Angeles and San Francisco.

Survivors include his widow, the former Ruth Tate.

Funeral services are pending.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Trouble goes double, up is down, and opposites look alike at a dizzy time in a dizzy world where you meet yourself coming back.

Moscow took a gleeful look at the downspin of the New York

stock market and announced the sharks were swallowing the sardines. But Red China was having the worst economic trouble in the history of communism.

It was in trouble with food, factories and fugitives.

And Republicans who complained President Kennedy was throwing his weight around too much were talking of wanting him to do something about the stock market.

RUSS TROUBLES TOO

Billie Sol Estes, the big wheeler and dealer from Texas, got his hands so tangled in Agriculture Department business that Secretary Orville Freeman said

Wednesday he is reviewing everything "upside and down."

But Russia was having trouble with some of its manipulators, too. In Moscow three apple operators were sentenced to death for double-dealing with middlemen.

In his speech on behalf of medical care for the aged Kennedy asked people to write to Washington, apparently thinking the tide would wash his way.

LESS ABOUT LETTERS

But he hasn't said much since about the letters he got and there's some indication the letter-writers are not all on his side at all.

The Western allies are pulling, hauling, hemming, hawing and dickered to get their Common Market set up for better trading. But Premier Khrushchev is screaming it's all a plot to hurt communism.

American aid in Viet Nam seems to be stopping the pro-Communist guerrillas but right next door in Laos the pro-Communist guerrillas seem to be pushing right along and may swallow the country.

In Geneva the Russians one day agreed that a declaration condemning war propaganda was a very fine thing, and badly needed. Five days later they did a switch-around and backed out.

BEER AND CHEER

The Red Chinese let refugees from their present chaos flood into nearby Hong Kong by the thousands, almost as if they didn't know about it. Then suddenly they closed the frontier and stopped the flood.

Wednesday Khrushchev, on his way to hear Benny Goodman's jazz band in Moscow, said he wasn't on his way to listen but just on his way to drink some beer. Instead of beer he sent Goodman a note of cheer.

And the French, those unpredictable of the 20th Century, did something that even shocked themselves.

Their high military tribunal let Gen. Raoul Salan, leader of the Secret Army murderers in Algeria, off with a life sentence but sentenced to death his next-in-command, Gen. Edmond Jouhaud.

BERLIN TALKS FUTILE AFTER NINE MONTHS

By JOHN M. HIGHTOWER

WASHINGTON (AP) — After nine months of exploratory talks, the United States and the Soviet Union disagree completely on how to tackle the problems of negotiating a Berlin settlement.

U.S. officials are becoming discouraged about breaking the deadlock, but intend to go on trying for a while.

Secretary of State Dean Rusk held a lengthy meeting Wednesday with Soviet Ambassador Anatoly Dobrynin but failed again to get Moscow to work out a Berlin access agreement without demanding withdrawal of Western forces from Berlin at the same time.

13-NATION RULE

The East-West dispute presently overshadows very serious differ-

ences among the Western allies as to what should be negotiated with the Soviets, if negotiations ever become possible. The United States favors a 13-nation authority to control access routes to West Berlin West Germany is opposed.

A compromise seems likely, and Rusk is due to meet with West German Ambassador Wilhelm Grewe in a day or so to talk about resolving the differences. But, unless the prospect of serious negotiations with the Soviet Union opens up, the prospective U.S. German agreement will contribute nothing toward a Berlin settlement. However it may contribute substantially toward an improvement in relations between the Kennedy administration and German Chancellor Konrad Adenauer.

LIMITED IN TALKS

Rusk's meeting with Dobrynin illustrated the limitation which disputes in the Western camp impose on the probing. Rusk was able to talk about access only in very general terms, associates said, because he felt he had to keep the Berlin discussion within

the limits of agreed Western policy.

This presents no serious problem, so long as the Soviet position is unchanging. It would present a very grave problem for the Kennedy administration if the Soviet position should become more flexible and the possibility of detailed exchanges on the access issue opened up.

Rusk and Dobrynin met for an hour and 45 minutes and the State Department, acknowledging lack of any progress, said "the discussions reflected the well-known positions of each side." Officials privately confirmed that this meant that Dobrynin reaffirmed the Soviet demand that the Western powers get their troops out of Berlin and give the city of West Berlin a new status, more to Soviet liking.

The access issue, according to Dobrynin, could only be settled as part of a package deal providing for a new free city.

Dean Chances, Wooster, Ohio hurler with the Los Angeles Angels, won 51 out of 52 games in high school.

RADIATION ARK-MOBILE

According to Wall Street Journal, Radiation Ark-Mobile is a new entry in shelter sweepstakes. The 12 ft. aluminum cylinder will sell for less than \$3,000 installed underground. In happier times, it can be hauled out and used as a mobile trailer or houseboat.

DEAN RUSK TO GO TO EUROPE LATE IN JUNE

By JOHN M. HIGHTOWER
WASHINGTON (AP) — Secretary of State Dean Rusk is planning a trip to Europe late this month to confer with allied leaders about clearing up some of the policy splits in the Atlantic Alliance.

He is expected definitely to meet with West German Chancellor Konrad Adenauer. He may see French President Charles de Gaulle and British Prime Minister Harold Macmillan. Rusk confirmed to a news conference Thursday that arrangements for a trip are being worked out. From other sources it was learned that he wants to talk to Adenauer about U.S.-Soviet discussions on a Berlin settlement and about future moves for greater Western European political unity, which the United States strongly supports.

OPPOSE FRENCH PLAN

Whether Rusk sees De Gaulle probably will be determined by progress in his conferences here with French Ambassador Herve Alphand. Rusk and Alphand met for two hours Monday and for 90 minutes Thursday on Paris-Washington policy differences. They apparently have no hope at present of ending major differences over De Gaulle's determination to give France an independent nuclear weapons force and his desire to promote a European grouping of national states with looser U.S. ties.

Rusk reasserted at his news conference that the United States is completely opposed to the De Gaulle plan for a French nuclear force. In response to a specific question he said the United States would not favor Britain's supplying nuclear weapons to France.

Rusk also challenged critics of administration foreign policy to come up with proposals for alternative lines of policy development if they really believe that the administration is following a no win course.

TEEN-AGERS CHARGED IN FATAL CRASH

PHILADELPHIA (AP) — Two boys and a teen-age girl have been charged with offenses in connection with an auto crash Tuesday night that killed another teen-age girl and injured her young escort.

Police said charges were filed Wednesday while the three, themselves injured in the crash, remained hospitalized under guard.

They are Michael Milligan, 15, identified by police as the driver, Nicholas Franks, 17, and Rita DeAnne, 14.

Milligan and Franks were charged with homicide by auto, larceny, receiving stolen goods and conspiracy. The girl was charged with larceny of an auto and being an incorrigible runaway.

Franks was in critical condition. Milligan and the DeAnne girl satisfactory.

Police said the three were riding in a stolen car when it rammed another auto at a city intersection. Linda Santini, 15, a passenger in the other car, was killed. Her escort, Joseph Barretta, 16, was admitted to a hospital with head injuries.

OHIO YOUTH IS NABBED BY REDS

AKRON, Pa. (AP) — A spokesman for the Mennonite Central Committee, a Christian relief agency operating settlements in 30 countries, said today one of three American missionaries kidnapped Wednesday night by Communist guerrillas in South Viet Nam is a member of his group.

He identified him as Daniel Gerber, 21, of Dalton, Ohio, the son of a farmer.

Gerber, a volunteer who gets no pay for his duties, was assigned by the Mennonite group to the Christian and Missionary Alliance a year ago for a three-year assignment.

The Mennonite Committee spokesman said Gerber's duties were primarily maintenance. He repaired buildings and operated a diesel engine that supplied power to the leper colony in a remote region of the Asian nation, about 150 miles northeast of Saigon.

The U. S. Embassy said Gerber and two other Americans at the colony were seized by the Viet Cong, who stole food and medical supplies during the attack.

Three double eagles (three under par) were scored in PGA tournament in 1961. Gene Cutchon got one at Phoenix, Paul McGuire shot one at Tucson and Dick Stranahan scored one at Portland, Ore.

FAMED ARTIST IS DEAD AT 78

MONTEREY, Calif. (AP) — Abel George Warshawsky, a famed international artist, died at his home here Wednesday night of a heart attack. He was 78.

His paintings hang in art galleries in Europe and the United States.

Warshawsky, a native of Sharon, Pa., was educated at the Cleveland School of Art in Ohio and the National Academy of Design in Paris.

A veteran of World War I, Warshawsky was decorated by France in 1933 with the Chevalier Legion of Honor. He was also a member of the Academy of Jewish Arts and Sciences.

His work was exhibited at the Carnegie Institution and Corcoran Galleries, Washington, D.C., the National Academy of Design, New York, and in other galleries in Paris, Minneapolis, Cleveland, Toledo, Ohio, Los Angeles and San Francisco.

Survivors include his widow, the former Ruth Tate.

Funeral services are pending.

CHINA SEEKS TO DISCOURAGE VOWS OF YOUTH

By JOHN RODERICK
TOKYO (AP) — Communist China, its 670 million people plagued by serious food shortages, has started a campaign to discourage youth marriages.

The official reason is the same given for its program of birth control: The health of individual Chinese. The effect of both, however, is to put brakes on an exploding population.

The campaign against early marriage is being waged by the China Youth News, a publication which reaches most of the young people of the nation.

Besides printing letters from readers who regretted their early marriages — "I have become so thin that I seem to have only bone but not any flesh" — the paper carried an article on the subject by Yeh Kung-Shao, dean of the department of public health of Peking Medical College.

He said the comparatively ideal

age for marriage was 23 to 27 for girls and 25 to 29 for men. The Red Chinese marriage law sets the minimum legal age at 18 for a girl and 20 for a boy.

The reader who said he had wasted away to nothing but skin and bones was Liu Fa, who at 25 has been married 12 years and is the father of five children.

He was under 16 when the first baby was born. His wife, who is 26, "is very weak owing to too many childbirths and often falls ill," he wrote. The first three children were not able to walk until they were two years old.

Ch'un Hsiang, 22, who is about to have her fourth child, said, "I have worked in a rubber plant before, and were it not for the fact that I have many children, I would have kept on working beside that machine which I love so much and would probably have done a lot of good things."

CHICKEN AND STEAKS TOP FOOD ITEMS

By THE ASSOCIATED PRESS

Chicken and steak are the headline items at many of the nation's supermarkets and neighborhood groceries this weekend as the cookout and picnic season gets into full swing.

Chains in every section offer bargain prices on broiling or frying chickens.

Steaks are an attraction in the Northeast, Southeast and Midwest with round and sirloin the most frequently featured. Ground beef is also a special item in the Southeast and Midwest.

Eggs continue to be outstanding bargains almost everywhere, while many dairy products also are attractive buys in connection with June as Dairy Month.

Ham is a bargain item in some sections, while other regional favorites include boneless chuck in the Northeast and Midwest, round roast in the Northeast and bacon in the Southeast and Midwest.

Asparagus, corn, cucumbers, assorted cooking greens, lettuce, onions, spinach, squash, tomatoes and potatoes are plentiful in most areas.

Top buys among fruits are oranges, bananas, avocados and—just in time for shortcakes and church festivals—strawberries.

Need Educational TV Station In Area

The Harrisburg area needs an educational television station. This is the opinion of 30 educators from the immediate nine-county area who met Monday with members of the Department of Public Instruction to discuss problems in scheduling and programming educational television to their schools.

A station in or near Harrisburg would make it possible to telecast educational programs to Dauphin, York, Lancaster, Lebanon, Cumberland, Perry, Berks, Adams and Franklin Counties, it was reported. Advantages of such programs, it was pointed out, would be that schools in south central Pennsylvania could take advantage of the outstanding programs now available for telecasting and college and adult education programs could be supplemented via televised lessons.

Dr. Marcus Konick, director of the department's Bureau of Instructional Materials and Mass Media, and Blaze Gusic, radio and television coordinator for the DPI, reported that no educational television channel is assigned to Harrisburg by the Federal Communications Commission. It was the unanimous recommendation of the group that the Department of Public Instruction investigate the possibility of acquiring an educational channel allocation.

Gusic stated that if the use of broadcast facilities now defunct can be acquired, a considerable saving will be made in the initial cost of establishing a TV station in this area. The possibility of getting a VHF allocation is also being explored, he said.

HOUSEWIVES GIVEN DREARY PICTURE ON TV

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—What does television have against housewives?

This is a plaintive question, asked after those disenchanting evenings before the illuminated screen, watching a dreary procession of ill-tempered, ill-groomed, nasal-voiced females using poor grammar.

There are a handful of bright, pretty, intelligent married women in the situation comedies—Danny Thomas' TV wife, Donna Reed, Harriet Nelson and Mary Tyler Moore. Cara Williams of "Pete and Gladys" is pretty but a kook fashioned in the "I Love Lucy" mold. But they are a decided minority.

INSPECTING PROBLEMS
NBC has been running a series of specials for women during the season and has inspected the problems of the housewife of all ages, and they've been pretty sad and sordid.

But perhaps the average housewife of the commercials are the worst of all. There's the terrible woman who snarls cruelly at her family—until she finds the right

headache remedy. There are the helpless, harried women who wring their hands because they can't get their kids to brush after very meal.

There is the housewife who is so incompetent she kicks the furniture because the corners of her kitchen are so dirty. There are the women whose most important achievement is finding a dishwashing liquid that makes it impossible to tell their hands from their daughters'. And there's the housewife—currently the one who annoys me the most—who, in a high, unpleasant voice, compares space discoveries with the development of a new wash-day product.

THE GLAMOR GIRLS
Who are the glamor-girls of television? Well, there are the hostesses of the dance halls and bars of the Old West, the secretaries of the private eyes, and—above all—the slim professional models who use the right shampoos and hair colorings. Career girls, every one.

It should give the real life housewives inferiority feelings.

Steve Lawrence, the singer, has made a big roundtrip. He started his career with a guest appearance on the old "Tonight Show" when Steve Allen was host, finally becoming a member of the regular cast. Now, a popular night club and recording star, he'll be back again—the week of June 19—but this time as head man.

SAY HONG KONG CAN TAKE MORE IF IT GETS HELP

By FORREST EDWARDS
HONG KONG (AP)—This tiny British colony which already has absorbed a million and a half refugees from Red China can absorb as many more in the next eight years if it has free access to the world's markets.

Severely limited by export quotas imposed by other nations upon its manufactured goods, Hong Kong is going to have an extremely difficult time just supporting the 3 1/4 million people already jammed into its 62 square miles of usable land. Absorption of more will be impossible.

That is the collective appraisal of Hong Kong's problem voiced not only by leading newspaper industrialists and businessmen but by high government circles as well.

MUST BE GRADUAL
Hong Kong's government is

known to believe that industrial expansion permitted by free access to world markets would support a population of five million by 1970.

It would have to be a gradual influx—nothing like the 70,000 who stormed across Hong Kong's border in the first 25 days of May. Approximately 62,000 of those, it was revealed today, were forcibly returned to Red China.

Hong Kong's only solution to its problem of people is manufacturing. Its fishing waters and 55 square miles of arable land—out of 398—produce less than a fifth of the food it needs.

NOT ENOUGH WATER

appreciable amounts and never enough water, which currently is rationed to only four hours a day. Against that background, Hong Kong has seen the United States, Great Britain and Canada impose quotas upon its cotton textile exports, which make up three quarters of its total exports. The government is still waiting for concrete action by the Nationalist Chinese government upon its public announcement earlier in May that it would take all Chinese refugees who want to go to Formosa.

CHINA SEEKS TO DISCOURAGE VOWS OF YOUTH

By JOHN RODERICK
TOKYO (AP) — Communist China, its 670 million people plagued by serious food shortages, has started a campaign to discourage youth marriages.

The official reason is the same given for its program of birth control: The health of individual Chinese. The effect of both, however, is to put brakes on an exploding population.

The campaign against early marriage is being waged by the China Youth News, a publication which reaches most of the young people of the nation.

Besides printing letters from readers who regretted their early marriages — "I have become so thin that I seem to have only bone but not any flesh" — the paper carried an article on the subject by Yeh Kung-Shao, dean of the department of public health of Peking Medical College.

He said the comparatively ideal

age for marriage was 23 to 27 for girls and 25 to 29 for men. The Red Chinese marriage law sets the minimum legal age at 18 for a girl and 20 for a boy.

The reader who said he had wasted away to nothing but skin and bones was Liu Fa, who at 25 has been married 12 years and is the father of five children.

He was under 16 when the first baby was born. His wife, who is 26, "is very weak owing to too many childbirths and often falls ill," he wrote. The first three children were not able to walk until they were two years old.

Ch'ao Hsiang, 22, who is about to have her fourth child, said, "I have worked in a rubber plant before, and were it not for the fact that I have many children, I would have kept on working beside that machine which I love so much and would probably have done a lot of good things."

ANKARA, Turkey (AP) — A bitter dispute over the fate of political prisoners has shattered Turkey's first parliamentary government since the 1960 revolution. Premier Ismet Inonu announced his resignation Wednesday night after his Republican party and the Justice party, which joined in

Need Educational TV Station In Area

The Harrisburg area needs an educational television station. This is the opinion of 30 educators from the immediate nine-county area who met Monday with members of the Department of Public Instruction to discuss problems in scheduling and programming educational television to their schools.

A station in or near Harrisburg would make it possible to telecast educational programs to Dauphin, York, Lancaster, Lebanon, Cumberland, Perry, Berks, Adams and Franklin Counties, it was reported. Advantages of such programs, it was pointed out, would be that schools in south central Pennsylvania could take advantage of the outstanding programs now available for telecasting and college and adult education programs could be supplemented via televised lessons.

Dr. Marcus Konick, director of the department's Bureau of Instructional Materials and Mass Media, and Blaze Gusic, radio and television coordinator for the DPI, reported that no educational television channel is assigned to Harrisburg by the Federal Communications Commission. It was the unanimous recommendation of the group that the Department of Public Instruction investigate the possibility of acquiring an educational channel allocation.

Gusic stated that if the use of broadcast facilities now defunct can be acquired, a considerable saving will be made in the initial cost of establishing a TV station in this area. The possibility of getting a VHF allocation is also being explored, he said.

CHICKEN AND STEAKS TOP FOOD ITEMS

By THE ASSOCIATED PRESS

Chicken and steak are the headline items at many of the nation's supermarkets and neighborhood groceries this weekend as the cookout and picnic season gets into full swing.

Chains in every section offer bargain prices on broiling or fry-

ing chickens.

Steaks are an attraction in the Northeast, Southeast and Midwest with round and sirloin the most frequently featured. Ground beef is also a special item in the Southeast and Midwest.

Eggs continue to be outstanding bargains almost everywhere, while many dairy products also are attractive buys in connection with June as Dairy Month.

Ham is a bargain item in some sections, while other regional favorites include boneless chuck in the Northeast and Midwest, round roast in the Northeast and bacon in the Southeast and Midwest.

Asparagus, corn, cucumbers, assorted cooking greens, lettuce, onions, spinach, squash, tomatoes and potatoes are plentiful in most areas.

Top buys among fruits are oranges, bananas, avocados and—just in time for shortcakes and church festivals—strawberries.

Melons are moving into the bargain class in some sections as shipments increase.

DEAN RUSK TO GO TO EUROPE LATE IN JUNE

By JOHN M. HIGHTOWER
WASHINGTON (AP) — Secretary of State Dean Rusk is plan-

ning a trip to Europe late this month to confer with allied leaders about clearing up some of the policy splits in the Atlantic Alliance. He is expected definitely to meet with West German Chancellor Konrad Adenauer. He may see French President Charles de Gaulle and British Prime Minister Harold Macmillan. Rusk confirmed to a news conference Thursday that arrange-

ments for a trip are being worked out. From other sources it was learned that he wants to talk to Adenauer about U.S.-Soviet discus-

sions on a Berlin settlement and about future moves for greater Western European political unity, which the United States strongly supports.

OPPOSE FRENCH PLAN

Whether Rusk sees De Gaulle probably will be determined by progress in his conferences here with French Ambassador Herve Alphand. Rusk and Alphand met for two hours Monday and for 90 minutes Thursday on Paris-Washington policy differences. They apparently have no hope at present of ending major differences over De Gaulle's determination to give France an independent nuclear weapons force and his desire to promote a European grouping of national states with looser U.S. ties.

Rusk reasserted at his news conference that the United States is completely opposed to the De Gaulle plan for a French nuclear force. In response to a specific question he said the United States would not favor Britain's supplying nuclear weapons to France. Rusk also challenged critics of administration foreign policy to come up with proposals for alter-

HOUSEWIVES GIVEN DREARY PICTURE ON TV

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—What does television have against housewives?
This is a plaintive question, asked after those disenchanting evenings before the illuminated screen, watching a dreary procession of ill-tempered, ill-groomed, nasal-voiced females using poor grammar.
There are a handful of bright, pretty, intelligent married women in the situation comedies—Danny Thomas' TV wife, Donna Reed, Harriet Nelson and Mary Tyler Moore. Cara Williams of "Pete and Gladys" is pretty but a kook fashioned in the "I Love Lucy" mold. But they are a decided minority.
INSPECTING PROBLEMS
NBC has been running a series of specials for women during the season and has inspected the problems of the housewife of all ages, and they've been pretty sad and sordid.
But perhaps the average housewives of the commercials are the worst of all. There's the terrible woman who snarls cruelly at her family—until she finds the right

headache remedy. There are the helpless, harried women who wring their hands because they can't get their kids to brush after very meal.
There is the housewife who is so incompetent she kicks the furniture because the corners of her kitchen are so dirty. There are the women whose most important achievement is finding a dishwashing liquid that makes it impossible to tell their hands from their daughters'. And there's the housewife—currently the one who annoys me the most—who, in a high, unpleasant voice, compares space discoveries with the development of a new wash-day product.
THE GLAMOR GIRLS
Who are the glamor-girls of television? Well, there are the hostesses of the dance halls and bars of the Old West, the secretaries of the private eyes, and—above all—the slim professional models who use the right shampoos and hair colorings. Career girls, every one.
It should give the real life housewives inferiority feelings.
Steve Lawrence, the singer, has made a big roundtrip. He started his career with a guest appearance on the old "Tonight Show" when Steve Allen was host, finally becoming a member of the regular cast. Now, a popular night club and recording star, he'll be back again—the week of June 19—but this time as head man.

SAY HONG KONG CAN TAKE MORE IF IT GETS HELP

By FORREST EDWARDS
HONG KONG (AP)—This tiny British colony which already has absorbed a million and a half refugees from Red China can absorb as many more in the next eight years if it has free access to the world's markets.
Severely limited by export quotas imposed by other nations upon its manufactured goods, Hong Kong is going to have an extremely difficult time just supporting the 3 1/4 million people already jammed into its 62 square miles of usable land. Absorption of more will be impossible.
That is the collective appraisal of Hong Kong's problem voiced not only by leading newspaper industrialists and businessmen but by high government circles as well.
MUST BE GRADUAL
Hong Kong's government is

known to believe that industrial expansion permitted by free access to world markets would support a population of five million by 1970.
It would have to be a gradual influx—nothing like the 70,000 who stormed across Hong Kong's border in the first 25 days of May. Approximately 62,000 of those, it was revealed today, were forcibly returned to Red China.
Hong Kong's only solution to its problem of people is manufacturing. Its fishing waters and 55 square miles of arable land—out of 398—produce less than a fifth of the food it needs.
NOT ENOUGH WATER
